Probably rain tonight and Sunday; somewhat warmer tonight.

Single Copies, 2 Cents.

REPORT SHOWS GOOD CONDITION

Co-Operative Telephone Company
Will Practically be Out of
Debt in Another Year

FOUR DIRECTORS RE-ELECTED

Indebtedness During Year Decreased
From \$31,500 to \$19,000—
Business Increases

The Rushville Co-Operative Telephone company is in good financial condition and another year will find the company practically out of debt unless something unforeseen arises. The report of the secretary at the annual meeting of the stockholders last night showed a total indebtedness of \$19,000 and \$12,500 of this will be paid off during the coming year.

The four directors whose terms expired were re-elected without opposition. They are R. F. Scudder, J. M. Amos, Dr. W. S. Coleman and William A. Jones and they will serve for a period of two years. The board will reorganize at the first meeting of the directors but there will not be any changes in the officials.

Interest in the meeting centered on the report of Secretary Spivey showing the financial condition of the company. The indebtedness of the company was reduced from \$31,000 to \$19,000. The receipts of the company from rentals and tolls gradually increases and the year just past was a banner one.

The total receipts of the company amounted to \$35,619.75 and were derived from the following sources: Telephone rentals ----- \$27,128.22 Telephone tolls ----- 6,915.57

Penalties ----- 2.10 Moves ----- 101.00 War tax to government ----- 236.89

Office rent ----- 250.00 Miscellaneous sales ----- 985.97

The operating expense of the company was \$17,571.85. This includes salaries and repair of the central station. A total of \$1,710.99 was spent in added equipment to the plant. The total disbursement for the year amounted to \$35,951.28. In this is included \$12,500 paid on the indebtedness.

The report of Manager Davis showed that the company made a net gain of 69 telephones during the year. On April 1, 1916 the company had 1,749 phones in service. The receipts for the year show a gain of \$1,401.14 over the receipts of last year. The managers report showed that the total income of the plant above operating expenses was \$14,210.99. The sleet storm of last December cost the company \$400 for labor and repairs.

Following the transaction of the regular business a general discussion took place on several proposed extensions. Many of the stockholders favor better service to the northern part of the county and these were assured by the directors that they favored an extension to this part of the county and that it would come just as soon as conditions would warrant it. It was stated that there were certain obstacles to be overcome, but the company hopes to eventually have a complete system covering the entire county.

It was suggested and voted upon favorably that the annual statement of the secretary be printed and a copy sent to each stockholder. The meeting was attended by only a small number of stockholders.

George C. Wyatt, Jr., son of Mr. and Mrs. Harry Wyatt, fell down stairs while in his "walker" at his home yesterday evening and was painfully bruised about the face and shoulders.

DEPOSIT TANK IN RIVER

Frank McCrory's Team Tears up Wagon When Left Standing

A team hitched to a heavy farm wagon and belonging to Frank McCrory staged an exciting runaway in South Main street this afternoon. The wagon contained a heavy water tank and when the bridge south of the city was reached the rear end of the wagon swung into the side of the bridge. The impact of the collision turned the wagon over, the large tank rolling down the embankment and uncoupling the wagon. The horses continued to run until near the John Boyd farm where they fell and were finally stopped. The wagon was almost demolished. There was no one in the wagon when the team started.

WILL ENTERTAIN GUESTS AT BANQUET

Rush County Business Men's Association Plans For Monster Affair Here Next Wednesday

AT LEAST 250 TO BE PRESENT

At least two hundred and fifty business men, more than one hundred and fifty of which will be from surrounding cities, are expected to attend the meeting under the auspices of the Rush County Business Men's Association, next Wednesday, for the purpose of discussing credit conditions in the various cities represented. Organizations of the associations into a compact whole so they can co-operate will also be a topic of special interest.

The meeting will open at the court house assembly room. A tentative program of speakers has been announced, but the program committee will not have a set program ready before Monday. Several speakers of experience have promised to address the sessions.

Arrangements have about been completed to entertain all the visitors with a banquet on Wednesday evening at six-thirty o'clock. The evening session will be held around the banquet tables.

LARGE BARN IS DESTROYED BY FIRE

Seven Horses and Several Cows Consumed in Flames on Walter Manche Farm Near Carthage.

THE LOSS IS CLOSE TO \$3,000

The large barn on the farm of Walter Manche two miles west of Carthage was totally destroyed by fire Friday at a loss estimated at near three thousand dollars, with only nineteen hundred dollars insurance.

The origin of the fire is uncertain. The barn was practically burned down when the blaze was discovered.

Seven horses were consumed in the flames and one escaped. The horses made valiant efforts to escape, several of them leaping over the mangers to get out of the fire.

The New Salem commencement will be held next Friday night, April 21. The Moscow commencement will be held on April 25. Arlington and Raleigh will hold their commencements on the same night, April 26. The Milroy commencement will be held April 27, and the Manilla commencement will be held on the night of April 28.

HUDSON GIVEN DOLLAR VERDICT

Claimant Against Late Jared Binford Estate Gets Smallest Award on Record Here

JURY OUT UNTIL 11 O'CLOCK

Understood Five Members Held For The Estate, Agreeing Only to Nominal Sum

A verdict for \$1 was awarded Harry Hudson in his suit against the estate of the late Jared Binford in which he demanded \$7,000. The costs of the trial by reason of the verdict of the jury will go against the estate.

The jury was out about six hours in reaching a verdict, which was returned last night at eleven o'clock. Judge Blair did not wait to receive the verdict and returned to his home in Shelbyville. Perry O'Neal acted for the court and read the verdict.

For a time it appeared as though the jury would disagree and those favorable to the estate only voted in favor of the plaintiff when it was agreed on the small sum. It is understood that five of the jurors held out for the defendant, the estate. The judgment is the smallest ever rendered in the local court, according to many attorneys.

Judge Sparks heard part of the evidence in the divorce suit of Mrs. Goldie F. Holecomb against William A. Holecomb. Because the defendant's attorney was not in court Judge Sparks continued the case until April 22, at which time further evidence will be submitted.

Woodford G. Cassady was cited for contempt of the court today, it being alleged that he has not met the payments as ordered by the court in his recent divorce suit. Cassady is ordered to appear in court next Tuesday morning at nine o'clock and show cause why he should not be punished for contempt of court.

The Ideal Husker company was given judgment on a claim against the estate of the late Dr. John G. Lewis for \$563 and \$30 attorney fees.

Judge Sparks spent most of the morning hearing an argument on a demurrer in the suit of Estes V. Bergen and Everett E. Jeffery against Hyman and Hattie Schatz to foreclose an assessment. The suit is one of the many growing out of the paving of West Second street.

COMMENCEMENT DATES ARE FIXED

Time for Closing Exercise in All Township High Schools But Center Announced.

FIRST AT NEW SALEM FRIDAY

Dates for all of the township high school commencements have been announced with the exception of Center township which has been indefinitely postponed on account of an epidemic of diphtheria. The Center township exercises were to have been held last night.

The New Salem commencement will be held next Friday night, April 21. The Moscow commencement will be held on April 25. Arlington and Raleigh will hold their commencements on the same night, April 26. The Milroy commencement will be held April 27, and the Manilla commencement will be held on the night of April 28.

OPPOSITION TO ROAD DEVELOPS

Commissioners Name Viewers For Washington Township Highway When Opponents Appear.

MOTION TO DISMISS FILED

Overrules it and William Knecht and Others Will Have to Appeal—Election Foreseen.

Unexpected opposition to the road petition of Dr. C. L. Smullen and others of Washington township, in which it is proposed to pave the highway running east and west through Raleigh with concrete, developed this afternoon when the petition was presented to the commissioners.

The commissioners had already named the viewers and the road was as good as passed when A. L. Gary appeared before the board with a motion to dismiss the petition. The motion filed by Mr. Gary represented to be in the interest of some of the taxpayers of Washington township and when pressed to tell the commissioners just whom the taxpayers were, stated that the list was headed by William Knecht.

The motion was then filed in the name of William Knecht. The motion was overruled and if Knecht goes any farther he must take an appeal to the circuit court. The viewers named by the commissioners, including county surveyor Adolphus Cameron, are Frank H. Green and Erben B. Vickery.

In the motion to dismiss Mr. Knecht argued that the road was already an improved free gravel highway and belonged to the county.

For this reason it was maintained that it was against the law for the township to improve it out of the funds of the township. Another reason submitted as affecting the legality of the construction was whether the road connected with a free gravel highway. In all about ten reasons were given as to why the petition should be dismissed.

The action of Knecht stirred up a veritable hornet's nest among the crowd of Washington township freeholders present for the road petition hearing. The men petitioning for the road believed they were safe and that there would be no opposition. The petition contained the names of seventy-two free-holders out of a possible 106 and this was such a large majority it was hard to see how the petition could be attacked.

It was intimated that if the fight was carried far enough a road election would finally result in Washington township.

TO CONFER DEGREE

A special car on the I. & C. leaving here at seven o'clock in the evening will carry about seventy-five Red Men to Connersville Monday evening. The local team will confer the Adoption degree.

A seven and three-quarters pound girl was born this morning to the wife of F. T. Loftus.

MEETING PLACES SWITCHED

Because of a banquet which will be held in the basement of the First Presbyterian church next Wednesday evening the Passion Week union services which were to be held there that night have been changed to Thursday night and on Wednesday night the services will be at St. Paul's M. E. church.

RANK OF NIGHT

The Knights of Pythias will have work in the Rank of Knight Monday night on five Esquires.

AMERICAN ABOARD SAVED

Steward on Margan Abbey, Torpedoed Without Warning, Rescued

(By United Press.)

Washington, April 15.—John D. Harrison of Chicago, a steward on the Margan Abbey, which was torpedoed without warning, has been rescued, Censal General Skinner at London cabled the state department today.

The vessel was sunk April 8, 65 miles south of Lieard, by a submarine, the American consul at Cardiff Wales, reported to Skinner. The vessel offered no resistance.

LEAVES WIFE ALONG ROAD AFTER MISHAP

Edward Ray, Whose Mind is Affected, Drives Away Following Accident When Buggy Upsets.

FOUND NEAR COLUMBIA TODAY

Mrs. Edward Ray, living southeast of the city, was painfully hurt last night while on the way to this city in company with her husband, when the buggy in which they were riding turned over in a ditch. The road was being repaired and in turning around the horse backed the buggy off of the embankment.

Mr. Ray has been in a bad condition mentally for some time and as soon as he righted the buggy continued his journey to this city, apparently forgetting all about his wife. Some neighbors found her a short time later and assisted her home. She was not badly hurt.

After leaving this city on the return trip, Mr. Ray lost his way and a general search was instituted.

On account of his condition grave fears were expressed but he was located near Columbia, Fayette county, this morning, apparently having driven all night.

BOYS FROM HERE MAY ATTEND AGAIN

Supt. C. M. George Learns Ross Hutchinson And Bonnell Boring May go to Culver

SOME STRINGS ATTACHED

Under the plan for the summer training camp conducted by the Culver Military academy Ross Hutchinson of Arlington and Bonnell Boring of Milroy, the two boys from this county that attended last year are offered an opportunity to attend this year, according to word received by Superintendent George. Both boys may take up the proposition.

The Culver people plan to take 500 boys this year and in order to do this are compelled to make a small charge. Under the plan as outlined to Superintendent George the boys who attended last year will be given this privilege again, free of charge, providing they secure one other boy who is to pay \$17.75.

Mr. George has the right to nominate boys to take their places in case they do not desire to go.

The infant child of R. D. Sailer of West Tenth street was buried yesterday in East Hill cemetery.

WILL NEGOTIATE WITH FIRST CHIEF

Secretary Lansing Lets Carranza Know Government is Willing to Discuss Suggestion

THAT U. S. TROOPS WITHDRAW

American Property in Parral, Mexico is Attacked And Border Situation is Critical

(By United Press.)

Washington, April 15.—Detailed instructions on his official attitude in regard to the Carranza suggestion for the withdrawal of American troops from Mexico were dispatched to Consul Rodgers at Mexico City today by Secretary Lansing. While officials refused to make any public announcement, it was learned on high authority the dispatch informed Rodgers of this government's willingness to discuss the suggestion formally with Mexican Ambassador Arredondo.

Rodgers, it is understood, is not instructed to treat with Carranza. He is merely to inform the first chief of Secretary Lansing's decision to receive overtures from Señor Arredondo.

Up to noon Secretary Lansing had made no engagements with Arredondo for the initial discussion. It was expected, however, that he might do so later in the day.

PROPERTY DESTROYED

(By United Press.) El Paso, Texas, April 15—Attacks on American owned property in Parral were confirmed in messages received here today. Besides the destruction of the Aldarado Mining company's \$500,000 mill in the suburb of Parral, the local owners of the Parral & Durango Railway company received an urgent call for help from their American manager at Parral. He stated that the road's offices had been entered and all its records destroyed.

WITH TROOPS IN MEXICO

Dr. George B. Jones, formerly of this city and a native of Rush county, is with the Fifth cavalry which is a part of the American expedition in Mexico on the hunt of Villa. Dr. Jones is a United States army surgeon and was stationed at Ft. Leavenworth before being called to the border.

UNEASINESS AT BORDER

(By United Press.) El Paso, Texas, April 15.—The base camp at Columbus has almost been stripped of troops since the reinforcing of the expedition in Mexico began recently. Two battalions of the Twentieth and the Twenty-fourth infantry and two troops of the Twelfth cavalry remain there. The infantrymen slept in their uniforms last night and prepared to preparations here was emphasized.

JACKSON SCHOOL WINS PLAUDITS

"The Smuggelman," Given by Caste
of 100 Children Friday Night,
Clears Over \$104

TELLS TALE OF FAIRYLAND

Theme of Operetta is Sounded in
Pretty Choruses—Children Are
Excellently Trained

Perhaps the best production of the kind ever given here was "The Smuggelman," which was staged last evening at the Graham Annex by the children in the Jackson school building, under the direction of Miss Helen Scott and the teachers in that school. An excellent crowd was present to appreciate the play, which was a success in every respect. Financially, \$104 were cleared and perhaps more, for all the ticket sales have not been reported. This fund will go to supply supplementary books, Victrola records and other things for the school buildings.

The clever plot worked out in the operetta, the melodious musical numbers, the well cast characters, and the showy costumes all combined to hold the audience from beginning to end. It was especially remarkable because of the fact that all of the parts were taken by children and well taken at that.

A bugle call sounded by the herald, Emerson Price, opened the play, when he followed with a short synopsis of the plot in verse form. The theme might be said to be "Remember your mothers wherever you are." The little boys who rebelled against their mothers because they did not get enough jam and formed an organization of which Toots (William Fox) was president, learned the theme to their sorrow, when in their flight they were caught by the Smuggelman (Richard Pugh) and his gnomes. To save their sons, the mothers appealed to the fairy queen (Brenda Kinsinger) who with the aid of Hildegarde (Margaret Herkless) received the freedom of their sons, who were so attached to the "Smuggelman" that they took him home with them. The theme was sounded in several of the choruses, especially the closing chorus when the entire cast was on the stage.

The six mothers wore pretty costumes of blue with white colors and cuffs, and the grandmothers similar ones of gray. Each of these groups sang several pretty choruses with catchy words. The mothers were especially popular in the chorus, "Whose little boy always falls down stairs? Mine, no mine." Every failing of their sons was pictured in this clever musical number. With William Fox as the leader, and Harold Clarkson, as the good boy some excellent dialogue took place between the six boys, who at the completion of their plans to leave home, sat on some benches and sang together a very original and boyish song.

Another popular number in the first act was the pantomime of Mother Goose rhymes to the accompaniment of the chorus song of the pupils of the 1st 2nd and 3rd grades. In this, Loren Winkler and Mary Frances Spivey tumbled down the hill as Jack and Jill; Frank Green and Newell Hughes acted out Ding Dong Bel; Miriam Woollen made a pretty Bo Peep; Edgar Isaac ate the pie as Jack Horner; John Joyce was the Piper's son, Tom; Teddie Gard had the fall of Humpty Dumpty; Ralph Suess was little Tommy Tucker; Mary Dobyns and Richard Morris were encored again and again as they acted Curly Locks; Bessie Levi was Mistress Mary; Dallas Manning brought down the house as he toddled along as the Crooked Man; William Behr made a dignified and stately King of France; Adonis Gorrell appeared as they sang "Baby's Boat's a Silver Moon"; Mary Carr acted as the old Woman in the Show. Each of the characters appeared in appropriate costumes.

Between the acts, a minuet was danced by four graceful little couples in colonial costumes. Every figure was carried out perfectly in

the difficult dance. Little Miss Kathryn Blount preceded the minuet with a reading of reminiscences of the olden times.

The eight little horsemen who galloped out with the girls, each in a corresponding costume of a different color, also sang and acted their parts well.

The second act finds the Smuggelman, Richard Pugh, wandering about the woods with his band of gnomes, each in a woodland costume. Following the well sung solo by their leader, the gnomes followed with a chorus of "He is the Smuggelman, he will get your children if he can." The boys, wandering from their homes are captured by this band. As they leave the stage, the fairy queen (Brenda Kinsinger) and Hildegarde (Margaret Herkless) enter in beautiful costumes. Each sings a lovely solo, accompanied by the pretty fairies, and each promises their help to the mothers who are seeking their sons. They are soon recovered and the smuggelman bows to the fairy queen. The closing chorus was especially brilliant and the well blended voices sounded beautiful as the curtain went down. The Misses Louise Poe and Marie Clawson acted as accompanists during the performance.

RECEIPTS ARE DOWN 3,000; PRICES SAME

TOWN ABOUT TO LOSE MULE CAR

Competition Hits Brownstown's
One Street Car—Said to be
Last One in State.

JITNEY BUS IS ONE CAUSE

Makes Trips Between Court House
and Depot a Distance of
About One Mile.

(By United Press.)

Brownstown, Ind., April 15.—Competition, which has spelled death for mule cars throughout the United States, is about to "get" one of the last survivors. Aside from the distinction of being the smallest city in Indiana to have two postoffices, Brownstown has the only muledrawn street car in Indiana and possibly in the middle west.

The jitney bus is cutting down the revenue. Also, the street, one mile long, which leads from the B. & O. station to the town is to be paved. With paved streets the race between the gas cars and the mule will resemble the fabled contest between the tortoise and the hare.

The mule car came into existence when the railroad was built in an area one mile from the town. Farmers would not sell their land through the town. The station is one mile from the court house.

Two horses and a mule and one car compose the "rolling stock." By exercise of judgment, the "power plant" is kept in good condition. One animal rests two days each week under normal conditions. The road has been a paying proposition thus far because expenses were kept at a minimum.

Good Home Eats.

The ladies of the Methodist church of Glenwood, will have an exchange at the Boxley Piano store, on Saturday, April 22. Plenty of good home eats.

move at a moment's notice.

The critical situation reflected in by the hurried departure of several trucks with 388,000 rounds of ammunition. The drivers and guards in the motor train did not take time to eat. The other machines left at full speed for the border late yesterday. Officers were silent regarding its destination.

SECOND FIGHT AT PARRAL

(By United Press.)

Washington, April 15.—United States consular dispatches forwarded from El Paso carried reports to the state department today that a second fight between American troops and residents had occurred at Parral. No details were given.

Consul Letcher at Chihuahua informed the state department that the Chihuahua newspapers gave an unimpassioned account of the Parral fighting, saying one American soldier was killed but failing to state how many Mexicans were killed.

NO OFFICIAL WORD

(By United Press.)

San Antonio, April 15.—Though nearly forty-eight hours have elapsed since the first report of the fighting at Parral arrived from Mexican sources General Funston today was still without any official dispatches from General Pershing.

The long delay is increasing the feeling of alarm here for the 150 cavalrymen attacked at Parral. It is feared that they have been unable to rejoin the main advance column and report back to General Pershing.

MIDNIGHT CONFERENCE

(By United Press.)

Washington, April 15.—Recommendations from General Funston which if adopted may radically alter the Villa hunt were understood to be in the hands of President Wilson and Secretary Baker today.

They were contained in a long code message and were the subject of a midnight conference at the White House. The Funston message did not give news of the Parral fight between American soldiers and civilians and the fourth day since that fight began was entered without word from the front.

CARRANZA SEEKS ALLIANCE

(By United Press.)

El Paso, Texas, April 15.—General Raymon Iturbe was in the city today enroute to Japan on a special mission from General Carranza. Iturbe refused to confirm or deny a report that Carranza seeks an alliance with Japan.

WOULD STOP MEXICAN ARMS

(By United Press.)

Washington, April 15.—A resolution directing President Wilson to stop further exportation of arms and ammunition in Mexico was offered in the house by Representative Rodenburg of Illinois today.

RIOTING AFTER FIGHT

(By United Press.)

El Paso, Texas, April 15.—Rioting in which much property was destroyed followed the clash between American troops and the residents of Parral, according to advices received by A. J. McQuatters, president of milling company of Parral.

PRINCESS Monday Matinee and Night

Gem Theatre

The Universal presents
BOB LEONARD and ELLA HALL in
"The Boob's Victory"

A Gold Seal Two Reel comedy. In this comedy Mr. Leonard, ably supported by Miss Ella Hall, presents a comical figure that is the cause of immeasurable humor. With a perfectly blank face, clothes too small for him, and with awkward actions, he gaps and wanders ridiculously through this two reel comedy in a way that makes this one of the best Universal productions.

MISS BILLIE RHODES in a Nestor comedy

"The Boy, the Girl and the Auto"

"Some Hero"

A fine one act comedy, presenting Vivian Preseoff and Charles DeForest in a clever burlesque.

Monday — "X 3"

Three act Big U detective drama with Murdoe McQuarrie and Edythe Sterling.

Tuesday — "Helen's Wild Ride"

Episode 6 of "The Girl and the Game"

"The Puppet Crown"

A fascinating romance of a beautiful princess who loses a throne but wins an American husband.

BARGAINS ARE ALWAYS ADVERTISED

PAIGE
The Standard of Value and Quality

"The Proof of the Pudding"

After all is said and done, sales are "the Proof of the Pudding"—so far as automobiles or any other manufactured products are concerned.

Therefore, please consider the significance of these figures—

During the month of March, the American people bought 1200 Paige "Fairfields" and paid for them one million, five hundred and fifty four thousand dollars.

When you remember that March was distinctly a winter month in most sections of the country, these figures are truly remarkable.

Could there be any stronger argument for the actual net worth of the Paige Fairfield "Six-46"?

Could there be any stronger proof that this model has taken the nation by storm and won for itself a place of undisputed leadership?

Think it over—and then remember to *act* while we can still make "immediate deliveries".

Good Health Doubles the Value of Your Services

A half sick man is not worth half pay. A man or woman in poor health makes a poor leader, a poor sort of a parent.

The value of Peruna in the home can scarcely be estimated. It prevents many of the common ailments. It is an excellent remedy for coughs, colds, catarrh, grip, spring fever, tired-out feeling.

Sit down and think it over. See whether you can afford to go on half sick.

Some people prefer Peruna Tablets to the fluid Peruna.

Beware of Ointments for Catarrh That Contain Mercury
A mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine, as it is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

Monday

Elite Club, with Mrs. Will E. Havens at 311 West Second street in the afternoon.

Monday Circle, with Mrs. C. H. Parsons at 410 North Main street, in the afternoon.

Miss Louise Craig of Elwood visited here a short while today on her way to Oxford where she will be among the guests at a Phi Delta Theta houseparty.

* * *

The meeting of Tri Kappa, which was to have been held with Mrs. Jack Knecht on Monday evening next week, has been postponed until Tuesday evening.

* * *

Every member of the Monday Circle will take two guests to the meeting to be held with Mrs. C. H. Parsons Monday, when Mrs. Demarchus Brown will talk of Rostand and Brieux.

* * *

Miss Mary Junken of Henderson went to Carthage this morning to attend rehearsals for the Glee Club performance to be given there soon and to be among the guests at a party this evening.

* * *

The bazaar and penny supper given by the three divisions of the Ladies Aid society of the St. Paul's M. E. church yesterday afternoon was a great success, a stream of people filling the church parlors during the service of the excellent supper. The funds realized from the two undertakings were \$35 from the bazaar and \$63 from the penny supper.

* * *

PRAYER MEETINGS

The Ben Davis Missionary society will observe the Easter week of prayer with two meetings—one on Tuesday afternoon, April 18th at the home of Mrs. Inez Morris with Mrs. Helen Kirkwood as leader and another on Thursday afternoon with Mrs. Zorne and Mrs. Myrtilla Nash as leader. Every one is welcome.

* * *

Several couples composed a party to see "The Smuggler" at the Graham Annex last evening. They were the Misses Mary Louise Bliss, Dorothy Mulno, Dorothy Sparks, Lois Reeves, Esther Anderson, Kathryn Wooden, Katherine Wyatt, and Helen Frazee and Bruce Carr, Alfred Norris, Hubert Alexander, Wilbur Cox, Halbert Brown, Lawrence Payne, Dwight VanOsdol and Forrest Jones.

* * *

Mrs. William George was a gracious hostess for the Lookout Society of the M. P. church on Wednesday afternoon. After a short business period, the hours were pleasantly spent, entertainment being furnished by several numbers on the phonograph, an egg hunt, and a funny guessing contest in which the honors were equally shared by Mrs. Frank George and Mrs. A. P. Wellman. A comic monologue was given by Mrs. Wellman. At the close, dainty refreshments were served by the hostess assisted by the Misses Callie Morehead and Mildred Jinks. The next meeting will be an all day session with Mrs. Jess Winkler, May 10th.

* * *

BIRTHDAY PARTY

Honoring the eleventh birthday of her daughter, Dorothy, Mrs. Will Billings of Milroy entertained this afternoon with a delightful party for over forty little friends of the guest of honor. Carnations and primroses were used generously in brightening the home for the affair. With interesting games and other merry pastimes the guests roared, and played during the course of the party which was brought to a close, with the service of delicious refreshments. Yellow and white carried out in the refection suggested Easter with candy eggs which were given as favors.

* * *

FOR CENTURY CLASS

A clever little playlet given by some of the ladies was the leading feature of the party given for the Century Class of the Christian church last evening by the members of the Loyal Women's class, in the

Miss Freda Schatz went to Greensburg this morning to attend a houseparty to be given by Miss Laura Goyert.

* * *

SURPRISE FOR TEACHER

Yesterday being the last day of school for the Henderson schools the patrons and neighbors took a delightful way of thanking the teacher, Miss Nellie Hays for her good work among them and gave a surprise dinner in her honor. The seventy-five persons who had planned the affair arrived at the school shortly before noon and the contents of their baskets soon filled the table which was stretched to the length of forty feet. The whole day was an enjoyably social one and typified the favor with which Miss Hays is held by the patrons and pupils of her school.

* * *

SMITH WEDDING.

Mrs. Marguerette E. Smith of Indianapolis and Walter E. Smith of this city were quietly married at the First Baptist church parsonage in Indianapolis at one o'clock this afternoon by Dr. Frederick E. Taylor. They were unattended. They left after the ceremony for French Lick for a short honeymoon, after which they will be at home here with Mr. Smith's mother, Mrs. Fannie O. Smith at 815 North Harrison street. Mrs. Smith's first husband was a second cousin of Mr. Smith and died last June during an operation for the removal of his tonsils at the Methodist hospital in Indianapolis. Mrs. Smith has a son, John Edward Smith, twenty-one months old.

* * *

DEMONSTRATION OF MEATS

The last program of the Domestic Science Club dwelt upon meats of different cut and their respective values. The meeting held yesterday was a practical demonstration of the facts learned then, when at the Weeks Meat Market, Ed Haywood gave an interesting and instructive talk on the cuts of meat. His talk was illustrated as he cut the fore quarter and hind quarter of a beef, also a mutton. The location of steaks and roasts was shown. The talk was made in such a clear and comprehensive way that each of the ladies left with a clear understanding of something that before had been a puzzle to them. The meat market was given over entirely to the thirty ladies who met for the demonstration.

At the next monthly meeting of the club, the program will be on other protein foods including cheese, milk, butter and eggs.

* * *

CABIN PARTY

"Uncle Tom's Cabin" was suggested at the party given by the Juniors of the Arlington high school at the school building last evening. With rags, rustic furniture and other suggestions of the play the building was decorated for the occasion which did honor to the hospitality of the juniors. The guests were entertained with sketches from the play "Uncle Tom's Cabin" cleverly enacted by the junior. The appointments of the luncheon which was served in paper buckets were in keeping with the rest of the party, which was a great success in every respect. The seniors are Miss Della Hufferd, Tom Saunders, Miss Mae Gardner, Omar McKibben, Miss Mary Conaway, Arthur Conaway, Miss Effie Offutt, Swain Barnard, Miss Emma Posey, Everett Johnson; the juniors are Miss Mary Northam, Henry Collins, William Lee, Carson McMichael, Miss Lilian Jordan, Weldon Beckner, Daniel McMarrell, Melvin Wood, Charles Sullivan, Miss Charlotte Tribby, Clarence Northam, Miss Edna Hardin and the faculty which includes Mr. Mahin, Miss Beela and Miss Erema Wilk.

* * *

At the Art luncheon, the same day, at the Hotel Astor, there will be a program of short speeches by well-known artists.

* * *

Five scenes from the "Hoosier Schoolmaster" were staged at the last meeting of the American Literary Club of Knightstown. The members of the club took part in the play.

* * *

Miss Helen Nicholson of Richmond, who has a number of friends in this city, gave a joint recital with

Offers the individuality, snap, style and dash that have always made the roadster type popular, but also

basement. Soon after the hundred and fifty guests had assembled they were seated to enjoy the half hour program given by the orchestra and the sketch "Sewing for the Heathen" in which parts were taken by Miss Emma Casady, Mrs. Ella Worsham, Mrs. Joe Amos, Mrs. Emma Talbot, Mrs. Earl Moore, Mrs. Ezra Hinkle, Mrs. Jake Parrish, Mrs. Austin Frazee and Mrs. Ira Clawson.

By the witty dialogue, the plot was well carried out by the ladies.

Having seen the picture of a young and handsome missionary they start enthusiastically sewing for the heathen with whom he is working. The meeting is a burlesque on modern sewing parties of the kind. They later find out that the Rev. Mr. Dusenberry had posed for said photograph some twenty-five years ago and that he is now a grandfather.

The gifts they had planned seem to be rather inappropriate under these circumstances and they return to their homes to find a parcel post package for each of the ladies. The packages contain the clothing of their husbands that need mending and sewing and their decision is to work for their husbands at home rather than the missionary abroad. This was followed by an original song which was written by Miss Emma Casady containing song hits on several of the members of the Century class and several other numbers by the orchestra.

A dainty refection was served near the close of the pleasant affair.

* * *

What the Club Women Are Doing

"You win if you lose" is the slogan taken by the Newcastle Federation of Women's clubs in promoting the "city beautiful" contest which they have undertaken. Such enterprises have been so successful in

Lafayette that Columbus, Union City and other ambitious cities are endeavoring to beautify their premises. The Newcastle women maintain that inasmuch as the men are working for a greater Newcastle, the women should work for a better and more beautiful Newcastle. The suggestions are that before May 1st, there be a general clean up of all premises and that Arbor Day be observed by planting trees and shrubs. The rules for the contest are forthcoming.

* * *

One of the sections of the Department Club of Kokomo is the Health Culture class whose programs appear to be interesting and profitable.

* * *

A "Past Chief's" club has been organized in Shelbyville composed only of the past chiefs of the Pythian Sisters. The primary object is to promote interest in the work of the order.

* * *

Five scenes from the "Hoosier Schoolmaster" were staged at the last meeting of the American Literary Club of Knightstown. The members of the club took part in the play.

* * *

Miss Helen Nicholson of Richmond, who has a number of friends in this city, gave a joint recital with

ing until Friday evening inclusive.

The following officers of the League were elected at the closing session Friday afternoon: Dr. Amelia R. Keller, Indianapolis, president; Miss Betsy J. Edwards, Shelbyville, first vice-president; Mrs. John F. Barnhill, Indianapolis, second vice-president; Miss Adah Brush, Kentland, third vice-president; Mrs. Julia Fried Walker, Indianapolis, fourth vice-president; Mrs. A. H. Beardsley, Elkhart, fifth vice-president; Mrs. Julia C. Henderson, Indianapolis, secretary; Mrs. Mindwell Crampton Wilson, Delphi, treasurer; directors—Mrs. Richard E. Edwards, Peru; Mrs. W. T. Barnes, Indianapolis; Mrs. T. A. Stuart, Lafayette; Mrs. Ernest H. Lindley, Bloomington; Mrs. Charles J. Gill, Muncie; Mrs. H. G. Burr, Newcastle and Miss Rose Heilman, Evansville.

* * *

Conservation Day at the Thirteenth Biennial Convention of the General Federation of Women's Clubs in New York will be Saturday, May 27. This Department will have one hour of the general program at the Seventh Regiment Armory in the fore noon, followed by a luncheon and conference at the Hotel Astor. The subjects of the addresses during the day are as follows:

Our Country's Natural Wealth—This will touch upon the vital question of the development of water power and waterways, in addition to other phases of the general subject.

Rural planning—City planning is engaging wide attention; the planning of rural communities is possibly even more important.

Preparedness and Reclamation—This address will set forth a plan for creating a working army instead of a standing army—an army occupied with industrial work in time of peace and instantly available for defense in time of war.

Our National Parks—Their high economic value and uplifting effect upon the people place them among the greatest of our natural resources. More is being done now for National Park development than ever before, and henceforth National Parks are to be treated by the Federal government as important assets.

Other topics to be considered are:

The Roadside Planting of the Lincoln Highway and a General Plan to Make the Roadsides of All Highways Scenically Attractive.

The Value of Bird Life and the Need of Protection to Bird and Wild Animal Life and to Wild Flowers, Together with the Need of Education Among Children.

State and Local Forestry and Shad Tree Planting. A National Flower—"The Laurel."

The Art program is rich and varied, beginning on Wednesday, May 24, at 2:30 p. m. with a meeting for the members of the Art Department only, where reports and discussions on ways and means will be heard.

On Friday, May 26, at 10:30 in the forenoon, the report of the Art Chairman will be given before the convention, followed by an address on "Community Art," by the Hon. William Dudley Foulke, of Indiana, president of the National Municipal League from 1911 to 1915. Mr. Foulke is a life-long student of art in many lands, and is an eloquent speaker.

* * *

At the Art luncheon, the same day, at the Hotel Astor, there will be a program of short speeches by well-known artists.

* * *

"We women are not in this fight just because we want to vote. We are asking for the ballot because we must have it if we are true to the best interests of the home," was the beginning of the keynote speech of the Women's Franchise League delivered by Miss Florence Wattles of Kokomo at the opening session of the league in Indianapolis. Other stirring addresses were made during the course of the meetings, which lasted from Wednesday even-</p

CENTENNIAL NEWS LETTER

(Issued by the Indiana Historical Commission.)

Starke County is arranging to hold a Centennial Celebration jointly with the county Educational Day some time in June. □ □

A collection of White county souvenir Centennial Day programs made by the school children in connection with the county observance day, has been received from Chairman W. H. Hamelle. Strikingly original and artistic, they speak highly of the work of the White County schools. □ □

In Evansville Mrs. Albion Fellows Bacon issues the S. O. S. call for twenty beautiful women to assist in their local celebration, May 10-11. They must be tall, statuesque, graceful and beautiful of form and face. A pageant illustrating the history of the State from the Mound Builders down to the Civil War will be given on the first night, and on the second night the story of the State down to the present will be illustrated. □ □

Encouraging reports coming in from Mrs. H. H. Thompson and Miss Miesse of Noblesville announce that the Noblesville schools, the Local Council of Women, and Churches, are all active and arranging plays and exhibits illustrating the country's growth. This is all preparatory to the Centennial celebration that is to be held in September. The entire History of the County will then be dramatized and presented in pageant form. □ □

The State Park movement is growing. Among other organizations that are actively backing it are the D. A. R. chapters. The Crawfordsville Chapter has just donated Fifty dollars to the cause. Others will follow. The first cash subscription—\$25,000—came from the Alumni of Marshall High School. Their proximity to the Turkey Run region

stimulates this sort of a spirit. Hoosier "exiles" in distant cities are also assisting, and individual subscriptions to the extent of One Thousand dollars have been made. □ □

Mr. J. P. McLaughlin, the local representative of the Selig-PolyScope Company announces that patriotic men, women, boys and girls will have an opportunity to assist in the "making" of Indiana History. Many of the two hundred and fifty scenes to be staged will require over one thousand people, and the characters must all be real Hoosiers and willing to obey orders. Costumes and make-ups will be furnished by the Selig-PolyScope. Address all communications to Mr. J. P. McLaughlin, 514 American Central Life Building, Indianapolis. □ □

Mrs. Chas. Buckley, Centennial Chairman of Carroll County, reports some interesting incidental features in preparation for the celebration to be held at Delphi, August 9 to 12. There will be an old time debate, a spelling school, a singing school, a visit from the country doctor, a church service conducted by the Old Circuit Rider, old time dances in the street in the evening and a veritable Gypsy outfit. Mrs. Buckley will card wool this spring and will have real spinning on the street stage each afternoon. There will be an old time log cabin erected on the corner of the court yard that the children may see a real pioneer home. On the porch in front of the cabin on an old stand will be a register in which the hundreds of visitors will be expected to place their names, especially those from a distance. Little children in old time costume will play about the cabin. Men will come in with coon skins to barter for necessities. In short everything possible will be done to reproduce the real Pioneer atmosphere. □ □

Encouraging reports coming in from Mrs. H. H. Thompson and Miss Miesse of Noblesville announce that the Noblesville schools, the Local Council of Women, and Churches, are all active and arranging plays and exhibits illustrating the country's growth. This is all preparatory to the Centennial celebration that is to be held in September. The entire History of the County will then be dramatized and presented in pageant form. □ □

**PAY INTEREST
ON BIG WAR LINE**

French and English Government Meet Payment of First Coupons of Half Million Loan.

COVERS PERIOD OF 6 MONTHS

(By United Press.)
New York, April 15.—Twelve million, five hundred thousand American dollars' interest will be paid to American investors by the French and English governments through J. P. Morgan & Co., here today for the first 6 months' use of the Half Billion Dollar Anglo-French Loan recently negotiated. This payment today is but a small part of the cash interest England and France will pour into American pockets during the next five years. Every six months they will pay, just in interest, \$12,500,000, or \$125,000,000 for the 5 years, which is more than one-tenth of a billion dollars they will have given Americans for the use of their money in fighting the Germans.

The interest that these two governments must pay for the use of American money with which to continue their war is enough to supply each one of 2,500 persons an independent fortune.

A nine pound boy was born to the wife of Oliver Mock this morning, at the home of his father, Frank Mock, west of the city.

PANAMA CANAL IS REOPENED

Slide Has Been Cleared After Months of Work in Which Millions of Tons of Rock Were Moved.

GOETHALS LIKELY TO RESIGN

Col. Harding is Said to be Slated For Governor to Succeed Canal Builder.

Panama, April 15.—Governor George W. Goethals of the Canal Zone, who withdrew his resignation and hurried back here from Washington to clear the Canal of Gailard Cut landslides last September, is expected to reoffer his resignation to President Wilson if there is no promise of further trouble following the reopening of the Canal today.

Colonel Harding, who has been acting governor during the Goethals' absence in the United States, is expected to succeed Colonel Goethals Governor, when the time comes.

Goethals has not announced that he will reoffer his resignation, but his associates here feel sure he will because he asked to be retired under the army retirement rule before, thinking his work in completing the canal was done.

The earth movements blocking the canal began last September, about the time Goethals offered his resignation to President Wilson in Washington. At news of the trouble, which prevented the passage of the Atlantic fleet, which was to have attended the opening of the Panama-Pacific exposition, Goethals asked the President not to act on his resignation, and in October he hastened back to Panama.

The canal builder faced a task slightly less gigantic than the one he faced in finishing the big project itself. Millions of tons of rock and earth have been torn from the collapsed excavations under Goethals' direction, employing bigger dredges and steam shovels than ever were used before.

Construction work at the terminals also has been completed in the meantime and when the big ships begin to pass through the canal today, it will be more advanced in equipment, more "polished" than it ever has been. It will be able to handle much more expeditiously than heretofore.

It is not considered improbable that there will be small slides from time to time, but no more ones are looked for and what there may be are expected to diminish in size from year to year. There is believed to be no danger from earthquakes. Goethals says the defenses of the zone are adequate to repel any enemy.

Notice of Administration.

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush County, State of Indiana, administer of the estate of Elizabeth A. Weaver, late of this county, deceased.

Said estate is supposed to be solvent.

House Insurance For Business Men

This is the day of Insurance—Insurance against Death, Accidents, Sickness, Fire and Decay transfers hazard into security. A few gallons of Sherwin Williams Paint if used according to directions insures your house for years against the hazard of wind, rain, sleet and decay. SHERWIN WILLIAMS PAINT is the old time insurance policy of 90 per cent of the world's greatest railroads and corporations. Specify and demand it because of the low eventual cost is their criterion of value and their cheapest insurance.

Just two things to look for—the color and name of manufacturer, as you can't possibly see the absolute quality and service that is built in the can.

We do Contract Work. Let us figure with you.

That new, black "Barefoot" Rubber!

ONE of its most valuable characteristics, for Tire (and Shoe) purposes, is its CLING quality—its tenacious grip on smooth and slippery surfaces.

Through that it gives its maximum Traction with a minimum of Friction.

When you put on the Brakes to stop the Car, or throw in the Clutch to start the Car, the Tires made of this black "BAREFOOT" Rubber instead of grinding against the ground for Traction, CLING to it, as your bare foot would cling to a slippery floor.

That's why we've finally christened it, and trademarked it, as "Barefoot" Rubber.

Get a sliver of it, from any Goodrich Branch or nearest Dealer.

You'll find it stretch almost as much, and return to shape almost as instantly, as a pure Rubber band.

Weigh a Goodrich "Barefoot" Tire of any size against the corresponding size of other makes of Tire, and you'll find it many pounds lighter, though many "Miles" stronger.

Drive it, and you'll find in Goodrich "Barefoot" Tires a liveliness, a quick response to power, a tenacity of traction,—and all this with a Mileage capacity which will surprise and delight you.

WE developed this "Barefoot Rubber" primarily for use in our now famous "Silvertown Cord" Tire which, last year, showed such marvellous ENDURANCE on the Race Track, at over 100 Miles per hour.

But we now make it into Goodrich FABRIC Tires, —Goodrich Inner Tubes, —Goodrich Motor-Cycle Tires, —Goodrich Truck Tires, —Goodrich Bicycle Tires, —Goodrich Rubber Boots, Overshoes, Soles and Heels, as well as into Silvertown Cord Tires.

Because, —in all of these its characteristics of "Cling, —Spring, —Stretch, —Strength, —and Lightness" are first requisites.

Now, compare GOODRICH Fair-List prices with prices you are quoted for same size Tires of other Brands, that have not the wonderful Resilience and Cling-quality of this new black "Barefoot" Rubber, which can be had in no other Tires than those made by—

Blackford County Sets Pace For
Rest of State—is Asking
Co-operation.

USING PERMANENT SIGNS

(By United Press)

Hartford City, Ind., April 15.—Blackford county is going to set an example to the rest of the state in motorology. It is going to treat the motorist right. Incidentally, it plans to go a little co-operation out of the motorist.

Workmen are placing guide signs at every road intersection. The signs are permanent, being made of heavy steel with the directions enameled in yellow on a black background. The signs can be read at some distance. Different signs will be used in case silence is desired from the motor car. In case of sickness these signs, distinctive in coloring, will be placed at some distance from the home on both sides. Other signs will give warning of dangerous curves and school houses.

EDNA MAY ACTS FOR CHARITY

First Appearance in Eleven Years

Will Come Tomorrow and it

Will be Her Last.

WILL BE A REAL FAREWELL

Will Appear in One Act Play in

Special Performance For Ac-

tors' Fund.

(By United Press)

New York, April 15.—When Edna May acts for the benefit of the Actors' Fund in a special performance at the Century Theatre tomorrow night it will not only be her first public appearance in eleven years, but her last appearance on any stage. This announcement was made by Daniel Frohman, President of the Actors' Fund, who obtained Miss May's consent to appear for the fund.

"It will be a farewell not only to the American stage but to the entire world," said Mr. Frohman. "Miss May would never have consented to appear before the public again except for the sake of charity. Her profits from the moving picture she is now acting for will also be devoted to a charitable cause. She will turn over to the allied war sufferers."

Inquiries have been made of Mr. Frohman as to whether the actress would be seen in her famous role from "The Belle of New York," but as Miss May has not sung for so long she has decided to give something else. She will act in a new one-act play, written especially for her.

Miss May closed her professional career in 1907, when she was married in London to Oscar Lewisohn, millionaire New Yorker. They have made their permanent home in England, with infrequent visits to this country. Her only appearance on the stage after that was in 1911, when a company in which she was the only professional played a week at the Savoy Theatre in London for charity, clearing almost \$20,000.

The Actors' Fund performance at the Century will have the assistance of other prominent actors. A few of them are Sir Johnston Forbes Robertson, now making a farewell tour of America; Mme. Nazimova, who will appear in a new playlet on the divorce question by George W. Middleton and Marie Dressler.

Long Distance Weather Forecasting Is No Good

Washington, April 15.—The chief of the U. S. Weather Bureau stated today that in the opinion of the bureau a new system of long-range weather forecasting, which has been widely discussed recently, was quite fallacious. The new system is said to be based on the spottedness of the sun and rifts and shafts of solar radiation. In the opinion of the weather Bureau it belongs in the same class with other methods of long-range weather forecasting based on lunar, planetary, magnetic and astrological considerations. None of these systems, it is said, has any scientific value.

During the past few years the Weather Bureau has received full specifications concerning all the essential details of this particular system. The alleged discovery is, therefore, fully known to the Weather Bureau and has been carefully studied and examined by its scientific staff. Moreover, other scientists of international reputation now connected with the strongest institutions of the world engaged in astronomical research, and conducting investigations into solar and terrestrial physics, have also passed upon these new theories. These authorities are in accord that the deductions and conclusions drawn from the solar conditions on which the new system is based are unwarranted.

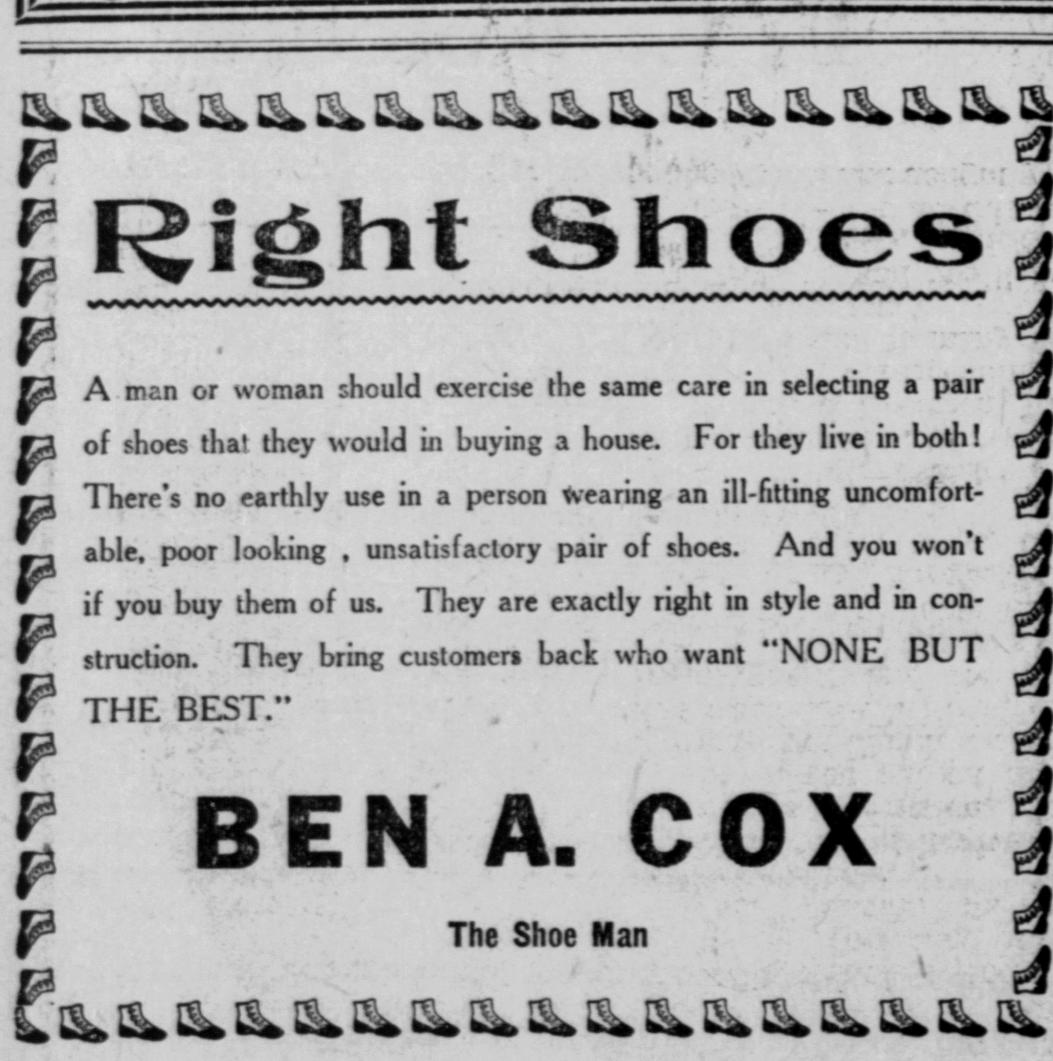

The U. S. Weather Bureau itself is the authorized agency of the Government to collect meteorological observations and make and issue weather forecasts and warnings. Every important nation of the world has a similar organization and all use essentially the same methods. All of these organizations condemn and disapprove the methods and theories of those who assert that they are able to predict the weather for any considerable period in advance.

No thoughtful person uses liquid blue. It's a pinch of blue in a large bottle of water. Ask for Red Cross Ball Blue.

WHY not give your lad
the same training?

"When I was a growing lad, and came upon many words in my reading that I did not understand, my mother, instead of giving me the definition when I applied to her, uniformly sent me to the dictionary to learn it, and in this way I gradually learned many things besides the meaning of the individual word in question—among other things, how to use a dictionary, and the great pleasure and advantage there might be in the use of the dictionary. Afterwards, when I went to the village school, my chief diversion, after lessons were learned and before they were recited, was in turning over the pages of the 'Unabridged' of those days. Now the most modern Unabridged—the NEW INTERNATIONAL—gives me a pleasure of the same sort. So far as my knowledge extends, it is at present the best of the one-volume dictionaries, and quite sufficient for all ordinary uses. Even those who possess the splendid dictionaries in several volumes will yet find it a great convenience to have this, which is so compact, so full, and so trustworthy as to leave, in most cases, little to be desired."—Albert S. Cook, Ph.D., LL.D., Professor of the English Language and Literature, Yale Univ., April 28, 1911.

Right Shoes

A man or woman should exercise the same care in selecting a pair of shoes that they would in buying a house. For they live in both! There's no earthly use in a person wearing an ill-fitting uncomfortable, poor looking, unsatisfactory pair of shoes. And you won't if you buy them of us. They are exactly right in style and in construction. They bring customers back who want "NONE BUT THE BEST."

HIS WIFE MADE HIM COOK THE MEALS

Judge Granted Divorce When Husband Testified he Got Breakfast For Two Years.

WIFE LIKED BRIGHT LIGHTS

Indianapolis, Ind., April 15.—Enter the man who is "big enough and ugly enough to cook his own meals."

Thomas Quinlan, employee in a haberdashery, told Judge Clifford during the hearing of his divorce suit that when he remonstrated with Mrs. Quinlan for not cooking his meals she laid down the above domestic receipt.

"And she said, 'The bright lights and the man with the automobile for mine,'" said Quinlan quoting his wife. Quinlan had prepared his own breakfasts for two years. The divorce was granted.

REPORT SHOWS GOOD CONDITION

Co-Operative Telephone Company
Will Practically be Out of
Debt in Another Year

FOUR DIRECTORS RE-ELECTED

indebtedness During Year Decreased
From \$31,500 to \$19,000—
Business Increases

The Rushville Co-Operative Telephone company is in good financial condition and another year will find the company practically out of debt unless something unforeseen arises. The report of the secretary at the annual meeting of the stockholders last night showed a total indebtedness of \$19,000 and \$12,500 of this will be paid off during the coming year.

The four directors whose terms expired were re-elected without opposition. They are R. F. Scudder, J. M. Amos, Dr. W. S. Coleman and William A. Jones and they will serve for a period of two years. The board will reorganize at the first meeting of the directors but there will not be any changes in the officials.

Interest in the meeting centered on the report of Secretary Spivey showing the financial condition of the company. The indebtedness of the company was reduced from \$31,000 to \$19,000. The receipts of the company from rentals and tolls gradually increases and the year just past was a banner one.

The total receipts of the company amounted to \$35,619.75 and were derived from the following sources: Telephone rentals \$27,128.22 Telephone tolls 6,915.57 Penalties 2.10 Moves 101.00 War tax to government 236.89 Office rent 250.00 Miscellaneous sales 985.97

The operating expense of the company was \$17,571.85. This includes salaries and repair of the central station. A total of \$1,710.99 was spent in added equipment to the plant. The total disbursement for the year amounted to \$35,951.28. In this is included \$12,500 paid on the indebtedness.

The report of Manager Davis showed that the company made a net gain of 69 telephones during the year. On April 1, 1916 the company had 1,749 phones in service. The receipts for the year show a gain of \$1,401.14 over the receipts of last year. The managers report showed that the total income of the plant above operating expenses was \$14,210.99. The sleet storm of last December cost the company \$400 for labor and repairs.

Following the transaction of the regular business a general discussion took place on several proposed extensions. Many of the stockholders favor better service to the northern part of the county and these were assured by the directors that they favored an extension to this part of the county and that it would come just as soon as conditions would warrant it. It was stated that there were certain obstacles to be overcome, but the company hopes to eventually have a complete system covering the entire county.

It was suggested and voted upon favorably that the annual statement of the secretary be printed and a copy sent to each stockholder. The meeting was attended by only a small number of stockholders.

George C. Wyatt, Jr., son of Mr. and Mrs. Harry Wyatt, fell down stairs while in his "walker" at his home yesterday evening and was painfully bruised about the face and shoulders.

DEPOSIT TANK IN RIVER Frank McCrory's Team Tears up Wagon When Left Standing

A team hitched to a heavy farm wagon and belonging to Frank McCrory staged an exciting runaway in South Main street this afternoon. The wagon contained a heavy water tank and when the bridge south of the city was reached the rear end of the wagon swung into the side of the bridge. The impact of the collision turned the wagon over, the large tank rolling down the embankment and uncoupling the wagon. The horses continued to run until near the John Boyd farm where they fell and were finally stopped. The wagon was almost demolished. There was no one in the wagon when the team started.

WILL ENTERTAIN GUESTS AT BANQUET

Rush County Business Men's Association Plans For Monster Affair Here Next Wednesday

AT LEAST 250 TO BE PRESENT

At least two hundred and fifty business men more than one hundred and fifty of which will be from surrounding cities, are expected to attend the meeting under the auspices of the Rush County Business Men's Association, next Wednesday, for the purpose of discussing credit conditions in the various cities represented. Organizations of the associations into a compact whole so they can co-operate will also be a topic of special interest.

The meeting will open at the court house assembly room. A tentative program of speakers has been announced, but the program committee will not have a set program ready before Monday. Several speakers of experience have promised to address the sessions.

Arrangements have about been completed to entertain all the visitors with a banquet on Wednesday evening at six-thirty o'clock. The evening session will be held around the banquet tables.

LARGE BARN IS DESTROYED BY FIRE

Seven Horses and Several Cows
Consumed in Flames on Walter
Manche Farm Near Carthage.

THE LOSS IS CLOSE TO \$3,000

The large barn on the farm of Walter Manche two miles west of Carthage was totally destroyed by fire Friday at a loss estimated at near three thousand dollars, with only nineteen hundred dollars insurance.

The origin of the fire is uncertain. The barn was practically burned down when the blaze was discovered.

Seven horses were consumed in the flames and one escaped. The horses made valiant efforts to escape, several of them leaping over the mangers to get out of the fire.

The New Salem commencement will be held next Friday night, April 21. The Moscow commencement will be held on April 25. Arlington and Raleigh will hold their commencements on the same night, April 26. The Milroy commencement will be held April 27, and the Manilla commencement will be held on the night of April 28.

HUDSON GIVEN DOLLAR VERDICT

Claimant Against Late Jared Binford Estate Gets Smallest Award on Record Here

JURY OUT UNTIL 11 O'CLOCK

Understood Five Members Held For
The Estate, Agreeing Only
to Nominal Sum

A verdict for \$1 was awarded Harry Hudson in his suit against the estate of the late Jared Binford in which he demanded \$7,000. The costs of the trial by reason of the verdict of the jury will go against the estate.

The jury was out about six hours in reaching a verdict, which was returned last night at eleven o'clock. Judge Blair did not wait to receive the verdict and returned to his home in Shelbyville. Perry O'Neal acted for the court and read the verdict.

For a time it appeared as though the jury would disagree and those favorable to the estate only voted in favor of the plaintiff when it was agreed on the small sum. It is understood that five of the jurors held out for the defendant, the estate. The judgment is the smallest ever rendered in the local court, according to many attorneys.

Judge Sparks heard part of the evidence in the divorce suit of Mrs. Goldie F. Holcomb against William A. Holcomb. Because the defendant's attorney was not in court Judge Sparks continued the case until April 22, at which time further evidence will be submitted.

Woodford G. Cassady was cited for contempt of the court today, it being alleged that he has not met the payments as ordered by the court in his recent divorce suit. Cassady is ordered to appear in court next Tuesday morning at nine o'clock and show cause why he should not be punished for contempt of court.

The Ideal Hasker company was given judgment on a claim against the estate of the late Dr. John G. Lewis for \$663 and \$30 attorney fees.

Judge Sparks spent most of the morning hearing an argument on a demurrer in the suit of Estes V. Bergen and Everett E. Jeffery against Hyman and Hattie Schatz to foreclose an assessment. The suit is one of the many growing out of the paving of West Second street.

COMMENCEMENT DATES ARE FIXED

Time for Closing Exercise in All
Township High Schools But
Center Announced.

FIRST AT NEW SALEM FRIDAY

Dates for all of the township high school commencements have been announced with the exception of Center township which has been indefinitely postponed on account of an epidemic of diphtheria. The Center township exercises were to have been held last night.

The New Salem commencement will be held next Friday night, April 21. The Moscow commencement will be held on April 25. Arlington and Raleigh will hold their commencements on the same night, April 26. The Milroy commencement will be held April 27, and the Manilla commencement will be held on the night of April 28.

OPPOSITION TO ROAD DEVELOPS

Commissioners Name Viewers For
Washington Township Highway
When Opponents Appear.

MOTION TO DISMISS FILED

Overrules it and William Knecht and
Others Will Have to Appeal—
Election Foreseen.

Unexpected opposition to the road petition of Dr. C. L. Smullen and others of Washington township, in which it is proposed to pave the highway running east and west through Raleigh with concrete, developed this afternoon when the petition was presented to the commissioners.

The commissioners had already named the viewers and the road was as good as passed when A. L. Gary appeared before the board with a motion to dismiss the petition. The motion filed by Mr. Gary represented to be in the interest of some of the taxpayers of Washington township and when pressed to tell the commissioners just whom the taxpayers were, stated that the list was headed by William Knecht.

The motion was then filed in the name of William Knecht. The motion was overruled and if Knecht goes any farther he must take an appeal to the circuit court. The viewers named by the commissioners, including county surveyor Adolphus Cameron, are Frank H. Green and Erben B. Vickery.

In the motion to dismiss Mr. Knecht argued that the road was already an improved free gravel highway and belonged to the county. For this reason it was maintained that it was against the law for the township to improve it out of the funds of the township. Another reason submitted as affecting the legality of the construction was whether the road connected with a free gravel highway. In all about ten reasons were given as to why the petition should be dismissed.

The action of Knecht stirred up a veritable hornet's nest among the crowd of Washington township freeholders present for the road petition hearing. The men petitioning for the road believed they were safe and that there would be no opposition.

The petition contained the names of seventy-two freeholders out of a possible 106 and this was such a large majority it was hard to see how the petition could be attacked. It was intimated that if the fight was carried far enough a road election would finally result in Washington township.

TO CONFER DEGREE

A special car on the I. & C. leaving here at seven o'clock in the evening will carry about seventy-five Red Men to Connerville Monday evening. The local team will confer the Adoption degree.

A seven and three-quarters pound girl was born this morning to the wife of F. T. Loftus.

MEETING PLACES SWITCHED

Because of a banquet which will be held in the basement of the First Presbyterian church next Wednesday evening the Passion Week union services which were to be held there that night have been changed to Thursday night and on Wednesday night the services will be at St. Paul's M. E. church.

RANK OF NIGHT

The Knights of Pythias will have work in the Rank of Knight Monday night on five Esquires.

AMERICAN ABOARD SAVED

Steward on Margan Abbey, Torpedoed Without Warning, Rescued

(By United Press.)

Washington, April 15.—John D. Harrison of Chicago, a steward on the Margan Abbey, which was torpedoed without warning, has been rescued, Censal General Skinner at London cabled the state department today.

The vessel was sunk April 8, 65 miles south of Lizard, by a submarine, the American consul at Cardiff Wales, reported to Skinner. The vessel offered no resistance.

WILL NEGOTIATE WITH FIRST CHIEF

Secretary Lansing Lets Carranza Know Government is Willing to Discuss Suggestion

THAT U. S. TROOPS WITHDRAW

American Property in Parral, Mexico is Attacked And Border Situation is Critical

(By United Press.)

Washington, April 15.—Detailed instructions on his official attitude in regard to the Carranza suggestion for the withdrawal of American troops from Mexico were dispatched to Consul Rodgers at Mexico City today by Secretary Lansing. While officials refused to make any public announcement, it was learned on high authority the dispatch informed Rodgers of this government's willingness to discuss the suggestion formally with Mexican Ambassador Arredondo.

Rodgers, it is understood, is not instructed to treat with Carranza. He is merely to inform the first chief of Secretary Lansing's decision to receive overtures from Senor Arredondo.

Up to noon Secretary Lansing had made no engagements with Arredondo for the initial discussion. It was expected, however, that he might do so later in the day.

PROPERTY DESTROYED

(By United Press.)

El Paso, Texas, April 15.—Attacks on American owned property in Parral were confirmed in messages received here today. Besides the destruction of the Aldarado Mining company's \$500,000 mill in the suburb of Parral, the local owners of the Parral & Durango Railway company, received an urgent call for help from their American manager at Parral. He stated that the road's offices had been entered and all its records destroyed.

WITH TROOPS IN MEXICO

Dr. George B. Jones, formerly of this city and a native of Rush county, is with the Fifth cavalry which is a part of the American expedition in Mexico on the hunt of Villa. Dr. Jones is a United States army surgeon and was stationed at Ft. Leavenworth before being called to the border.

UNEASINESS AT BORDER

(By United Press.)

El Paso, Texas, April 15.—The base camp at Columbus has almost been stripped of troops since the reinforcing of the expedition in Mexico began recently. Two battalions of the Twentieth and the Twenty-fourth infantry and two troops of the Twelfth cavalry remain there. The infantrymen slept in their uniforms last night and prepared to preparations here was emphasized. Continued on Page 3.

JACKSON SCHOOL WINS PLAUDITS

"The Smuggelman," Given by Caste
of 100 Children Friday Night,
Clears Over \$104

TELLS TALE OF FAIRYLAND

Theme of Operetta is Sounded in
Pretty Choruses—Children Are
Excellent Trained

Perhaps the best production of the kind ever given here was "The Smuggelman," which was staged last evening at the Graham Annex by the children in the Jackson school building, under the direction of Miss Helen Scott and the teachers in that school. An excellent crowd was present to appreciate the play, which was a success in every respect. Financially, \$104 were cleared and perhaps more, for all the ticket sales have not been reported. This fund will go to supply supplementary books, Victrola records and other things for the school buildings.

The clever plot worked out in the operetta, the melodious musical numbers, the well cast characters, and the showy costumes all combined to hold the audience from beginning to end. It was especially remarkable because of the fact that all of the parts were taken by children and well taken at that.

A bugle call sounded by the herald, Emerson Price, opened the play, when he followed with a short synopsis of the plot in verse form. The theme might be said to be "Remember your mothers wherever you are." The little boys who rebelled against their mothers because they did not get enough jam and formed an organization of which Toots (William Fox) was president, learned the theme to their sorrow, when in their flight they were caught by the Smuggelman (Richard Pugh) and his gnomes. To save their sons, the mothers appealed to the fairy queen (Brenda Kinsinger) who with the aid of Hildegarde (Margaret Herkless) received the freedom of their sons, who were so attached to the "Smuggelman" that they took him home with them. The theme was sounded in several of the choruses, especially the closing chorus when the entire cast was on the stage.

The six mothers wore pretty costumes of blue with white collars and cuffs, and the grandmothers similar ones of gray. Each of these groups sang several pretty choruses withcatchy words. The mothers were especially popular in the chorus, "Whose little boy always falls down stairs? Mine, no mine." Every failing of their sons was pictured in this clever musical number. With William Fox as the leader, and Harold Clarkson, as the good boy some excellent dialogue took place between the six boys, who at the completion of their plans to leave home, sat on some benches and sang together a very original and boyish song.

Another popular number in the first act was the pantomime of Mother Goose rhymes to the accompaniment of the chorus song of the pupils of the 1st 2nd and 3rd grades. In this, Loren Winkler and Mary Frances Spivey tumbled down the hill as Jack and Jill; Frank Green and Newell Hughes acted out Ding Dong Bell; Miriam Woollen made a pretty Bo Peep; Edgar Isaac ate the pie as Jack Horner; John Joyce was the Piper's son; Tom; Tiddie Gurd had the fall of Humpty Dumpty; Ralph Sness was little Tommy Tucker; Mary Dobyns and Richard Morris were encored again and again as they acted Curly Locks; Bessie Levi was Mistress Mary; Dallas Manning brought down the house as he toddled along as the Crooked Man; William Behre made a dignified and stately King of France; Adonis Gorrell appeared as they sang "Baby's Boot's a Silver Moon"; Mary Clegg acted as the old Woman in the Show. Each of the characters appeared in appropriate costumes.

Between the acts, a minuet was danced by four graceful little couples in colonial costume. Every figure was carried out perfectly in

the difficult dance. Little Miss Kathryn Blount preceded the minuet with a reading of reminiscences of the olden times.

The eight little horsemen who galloped out with the girls, each in a corresponding costume of a different color, also sang and acted their parts well.

The second act finds the Smuggelman, Richard Pugh, wandering about the woods with his band of gnomes, each in a woodland costume. Following the well sung solo by their leader, the gnomes followed with a chorus of "He is the Smuggelman, he will get your children if he can." The boys, wandering from their homes are captured by this band. As they leave the stage, the fairy queen (Brenda Kinsinger) and Hildegarde (Margaret Herkless) enter in beautiful costumes. Each sings a lovely solo, accompanied by the pretty fairies, and each promises their help to the mothers who are seeking their sons. They are soon recovered and the smuggelman bows to the fairy queen. The closing chorus was especially brilliant and the well blended voices sounded beautiful as the curtain went down. The Misses Louise Poe and Marie Clawson acted as accompanists during the performance.

TOWN ABOUT TO LOSE MULE CAR

Competition Hits Brownstown's
One Street Car—Said to be
Last One in State.

JITNEY BUS IS ONE CAUSE

Makes Trips Between Court House
and Depot a Distance of
About One Mile.

(By United Press.)
Brownstown, Ind., April 15.—Competition, which has spelled death for male cars throughout the United States, is about to "get" one of the last survivors. Aside from the distinction of being the smallest city in Indiana to have two post offices, Brownstown has the only muledrawn street car in Indiana and possibly in the middle west.

The jitney bus is cutting down the revenue. Also, the street, one mile long, which leads from the B. & O. station to the town is to be paved. With paved streets the race between the gas cars and the mule will remove the fabled contest between the tortoise and the hare.

The mule car came into existence when the railroad was built in an area one mile from the town. Farmers would not sell their land through the town. The station is one mile from the court house.

Two horses and a mule and one car compose the "rolling stock." By exercise of judgment, the "power plant" is kept in good condition. One animal rests two days each week under normal conditions. The road has been a paying proposition thus far because expenses were kept at a minimum.

Good Home Eats.

The ladies of the Methodist church of Glenwood, will have an exchange at the Boxley Piano store, on Saturday, April 22. Plenty of good home eats.

Would You Name a Friend as Trustee?

Often it is desired to keep an estate under the supervision of a friend or member of the family, and yet not burden him with its management.

If you appoint a friend or relative as co-executor and co-trustee with the FARMERS TRUST COMPANY, your estate will have the desired personal attention and he will be relieved of most of the burden of work and responsibility. Caring for estates and trusts is the primary object of the Trust Company, and it has every facility for managing them safely and advantageously.

The officers of this Company will be glad to confer with you, or to send you information regarding any trust or banking business you may have in mind.

PROTECT THE BABY
AND YOUR FOOD.
Stores which sell meat, groceries or fruit should not tolerate flies. Fighting them is difficult, but conscientious attempts should be made to keep these disease bearing insects away from human food, the same conscientious efforts that are made by a mother to keep flies from the baby and its milk bottle. Every possible means should be employed to exclude flies from creameries.

Amusements

The Gem will show the two reel comedy "The Boob's Victory" for the first picture tonight. Bob Leonard and Ella Hall are featured. The second picture is a comedy "The Boy, The Girl and The Auto." Billie Rhodes is featured. The last is a comedy entitled "Some Hero." This all comedy program should appeal to the Saturday night patrons.

The Princess offers the two act drama "The Rough Neck" for the first picture tonight. Harry Beaumont and Alton Goodrich are featured. It is said to be a well constructed story of a young fellow who lifts himself above the environment of his early life. The second picture is a comedy "Jane's Bashful Hero." Edith Story and Donald McBride are featured. The last is a western drama "The Desert Calls Its Own." Victoria Ford is featured. Monday matinee and night the big feature "The Puppet Crown" will be shown. It is a picturization of Harold McGrath's famous novel and features Carlyle Blackwell.

"The Flashlight" is the title of the first picture at the Mystic tonight. It is a two act drama and is said to be a thriller. The second picture is drama "Rags and the Girl." Maurice Costello is featured. The last is a comedy "Foiled." Bud Duncan and Ethel Teare are featured. On Monday the two act comedy "The Comeback of Percy" will be shown.

NOTICE TO CONTRACTORS.

Notice is hereby given that the Board of Commissioners of Rush county, Indiana, will receive sealed bids at the County Auditor's office in Rushville, Indiana, up until 2 o'clock p. m. on

move at a moment's notice.

The critical situation reflected in by the hurried departure of several trucks with 388,000 rounds of ammunition. The drivers and guards in the motor train did not take time to eat. The other machines left at full speed for the border late yesterday. Officers were silent regarding its destination.

SECOND FIGHT AT PARRAL

(By United Press.)

Washington, April 15.—United States consular dispatches forwarded from El Paso carried reports to the state department today that a second fight between American troops and residents had occurred at Parral. No details were given.

Consul Letcher at Chihuahua informed the state department the Chihuahua newspapers gave an unimpassioned account of the Parral fighting, saying one American soldier was killed but failing to state how many Mexicans were killed.

NO OFFICIAL WORD

(By United Press.)

San Antonio, April 15.—Though nearly forty-eight hours have elapsed since the first report of the fighting at Parral arrived from Mexican sources General Funston today was still without any official dispatches from General Pershing.

The long delay is increasing the feeling of alarm here for the 150 cavalrymen attacked at Parral. It is feared that they have been unable to rejoin the main advance column and report back to General Pershing.

MIDNIGHT CONFERENCE

(By United Press.)

Washington, April 15.—Recommendations from General Funston which if adopted may radically alter the Villa hunt were understood to be in the hands of President Wilson and Secretary Baker today.

They were contained in a long code message and were the subject of a midnight conference at the White House. The Funston message did not give news of the Parral fight between American soldiers and civilians and the fourth day since that fight began was entered without word from the front.

CARRANZA SEEKS ALLIANCE

(By United Press.)

El Paso, Texas, April 15.—General Raymon Iturbe was in the city today enroute to Japan on a special mission from General Carranza. Iturbe refused to confirm or deny a report that Carranza seeks an alliance with Japan.

WOULD STOP MEXICAN ARMS

(By United Press.)

Washington, April 15.—A resolution directing President Wilson to stop further exportation of arms and ammunition in Mexico was offered in the house by Representative Rodenburg of Illinois today.

RIOTING AFTER FIGHT

(By United Press.)

El Paso, Texas, April 15.—Rioting in which much property was destroyed followed the clash between American troops and the residents of Parral, according to advices received by A. J. McQuatters, president of a milling company of Parral.

TWO AMERICANS ABOARD ESCAPE

Washington, April 15, 1916.—The Aberdeen barge Inzelyon, Portland, Oregon to Limerick, Ireland, was sunk by gun fire April 11, but two Americans aboard escaped safely. Some of the crew were lost.

The Queenstown consul's message reporting the sinking said: "The Aberdeen barge Inzelyon, Portland to Limerick, Ireland, was sunk by submarine gun fire on the eleventh, 110 miles west of Velenic, unarmed. No attempt to escape. Fifteen minutes allowed to abandon ship.

"One boat, with twelve men, including two Americans, saved. Other boat, no Americans, lost."

Vocational Guidance.

"Probably no phase of the movement for vocational education exhibits clearer evidence of the rapid evolution in thought and practice that is taking place than vocational guidance," says Dr. W. T. Bawden, specialist in industrial education of the United States Bureau of Education, in his annual review of progress for the year 1915 made to the Secretary of the Interior.

"Only a few short months ago vocational guidance was conceived of chiefly as a matter of giving to boys and girls advice in the choosing of a life work and assisting in the securing of positions. In view of the ambitious attempts made in a few quarters, and especially the claims of a few concerns that have investigated the commercial possibilities of vocational guidance, extravagant expectations have been raised in the popular mind that have not been realized.

"This conception is rapidly passing, however, and among the leaders of the vocational guidance movement the chief function of their work is now regarded as the study of vocational conditions and opportunities, and the making of the resulting information available to boys and girls.

"The most important service that can be rendered the individual youth, under the name of vocational guidance, is to set him to thinking, at the proper time, about the problem of choosing a life work as a problem to be seriously faced and prepared for—to make him fully conscious of its existence as a problem to be solved, and aware of the sources of data having any bearing on its solution."

Vocation guidance in its application to college and university students has been receiving special attention according to Dr. Bawden.

He points out that sooner or later a closer correlation will have to be worked out between the college course and the life of the community for which students are educated.

"Probably the most serious obstacle to progress in vocational guidance is the aloofness of the schoolteacher, under ordinary conditions, from such of the world's work, and the practical difficulties in the way of his knowing very much about certain vastly important phases of it through actual participation, or even through close contact.

"Important events during the past year include the offering of a college course for vocational counsellors by Boston University in co-operation with the Vocation Bureau, Boston, Mass., and the announcement by the Taek School of Finance and Business Administration at Dartmouth, of a new course for employment managers to consider the problems arising in connection with the examination, employment, and training of a staff of employees."

Kill More Than Armies.

According to an eminent authority flies have been responsible for the death of more human beings than all the armies of the world.

Flies are nature's champion spreaders of disease. If you were to examine a fly's legs through a sufficiently powerful microscope you would see a good deal of decayed animal and vegetable matter and millions of ugly wriggling things more repulsive looking than the worst nightmare monsters.

They are disease germs which the fly has picked up in the course of its travels. Diphtheria, enteric, typhoid and scarlet fever, influenza and many other diseases are doubtless resting on the legs of the fly.

Every time he alights on your head he leaves a few germs. Presently he will crawl over your food and leave some more germs for you to eat. Perhaps he will drown himself in your milk jug. That will suit the germs, because they breed quicker in milk than in any other medium.

If you are in good health you may not come to much harm.

It is to children that flies are most dangerous. Whenever there is an extra number of flies the infantile mortality always becomes abnormal.

One of the reasons why there is less infantile disease, comparatively speaking, in the large towns than in the country is because there a few flies. The pigsties, cow sheds, stables, refuse heaps and fertilizer piles of the country breed 90 per cent of the flies.

It is never too late to start. Keep your rooms clean, cool and dry. Keep all food in a cool, dark pantry, and place covers over it if necessary. See that the lids of your garbage cans are always on tight, and do not allow rubbish to collect in your garden.

And whenever you see a fly kill it. Remember that every fly is your enemy.

In a recent issue of Commerce Reports, the Department of Commerce expressed great surprise that the Netherlands and Switzerland "sold much larger quantities of milk in the United States in 1915 than ever before." Inasmuch as the Democratic tariff law placed condensed milk on the free list, there is nothing surprising about the fact that European countries are taking advantage of it. However, half our condensed milk imports are coming from Canada, who turned down our reciprocity offer in 1911 and received free access to our market in 1913.

The Congressional Record is not worth much to lay under the parlor carpet or on the pantry shelves, but it fully demonstrates its value by the heavy weight it adds to the Ladies Aid Society's collection of old paper.

It is astonishing what a large and enthusiastic crowd you can get out to a lecture, which otherwise would be poorly attended, by serving four thimbfuls of tea and two saltiness to each guest.

President Wilson seems to think that possession of an automobile is proof of ability to pay additional tax, but it may be evidence merely of superior ability to borrow money.

Liquid blue is a weak solution, avoid it. Buy Red Cross Ball Blue, the blue that's all blue.

Are Republicans "Heroic" Enough to Nominate Roosevelt?

Despite the growing belief that Colonel Roosevelt will be the Republican nominee for President, the strong call in some quarters for Justice Hughes and Elihu Root make the situation very uncertain and presents a fascinating problem for the political forecasters and for the public generally.

In THE LITERARY DIGEST for April 15th, the leading feature covers with a wealth of detail editorial opinion in this country upon the Republican candidates, their booms and chances of success.

FUNK & WAGNALLS COMPANY (Publishers of the Famous NEW Standard Dictionary), NEW YORK

HUNDRED LEADING HOOSIERS

Schuyler Colfax (1825-1885)

Schuyler Colfax, the first Hoosier ever elected vice-president, was born in New York City in 1825. Coming to Indiana at the early age of 13 years he began clerking in a store. His step-father was auditor of St. Joseph county and ably assisted by Young Colfax, who in turn was elected to the position in 1845. The same year he founded the St. Joseph Valley Register which he edited for many years. At the age of 26 years he was elected a delegate to the National Whig Convention, 1848, and was made secretary of that body. He was one of the ablest as well as the youngest member of the state constitutional convention of 1850. In 1854 he was elected to congress where he served consecutively for 14 years. During his last three terms he was speaker of the house and was considered the ablest parliamentarian prior to Thomas B. Reed. In 1866 he was elected vice-president on the ticket headed by General Grant. He died on January 13, 1885.

that Millionaire George W. Perkins had loosened up his purse and contributed to the cause of keeping the Progressives alive until after the election. It is now disclosed in the statement Ed Lee, Progressive state chairman, has published of campaign receipts and disbursements, that he received \$8,000 from Perkins and spent \$7,999. Just why he shut off expenses when there was still one dollar in the treasury is not revealed. It has been calculated that the total vote of the Progressives in the primary amounts to about \$1.23 a head on the Perkins investment.

PAIGE
The Standard of Value and Quality

The Proof of the Pudding

After all is said and done, sales are "the Proof of the Pudding"—so far as automobiles or any other manufactured products are concerned.

Therefore, please consider the significance of these figures—

During the month of March, the American people bought 1200 Paige "Fairfields" and paid for them one million, five hundred and fifty four thousand dollars.

When you remember that March was distinctly a winter month in most sections of the country, these figures are truly remarkable.

Could there be any stronger argument for the actual net worth of the Paige Fairfield "Six-46"?

Could there be any stronger proof that this model has taken the nation by storm and won for itself a place of undisputed leadership?

Think it over—and then remember to act while we can still make "immediate deliveries".

ANTI-TRUST BILL IS INADEQUATE

Impossible to Fix Responsibility For High Price of Gasoline, Steenerson Says:

SUBSTANTIAL IS THE PIVOT

Insertion of That One Word Has Taken All the Teeth Out of it, Congressman Declares.

Washington, April 15.—"The Clayton anti-trust law heralded by the Democrats as a weapon against unlawful combinations in restraint of trade, has proven to be a fraud."

This bitter criticism of the anti-trust law, passed by the last Democratic Congress, was uttered today by Representative Halver Steenerson of Minnesota.

"For weeks I have been endeavoring to have the Department of Justice and the Federal Trade Commission fix the responsibility for the increase price of gasoline, which I believe is due to an unlawful combination in restraint of trade," said Mr. Steenerson.

"The fact is that the provisions of the Clayton anti-trust act have made it practically impossible for either the Department of Justice or the Federal Trade Commission to reach the situation. Formerly the government was able to prosecute ANY violation of the anti-trust laws in restraint of trade, irrespective of the effect on prices, so long as there appeared to be a combination which controlled prices. It was the POWER to fix prices that was condemned.

The Clayton act provides for prosecution of 'substantial' lessening of competition. The insertion of the word SUBSTANTIAL in the Clayton law has practically taken all the teeth out of it. While comparatively easy to prove the existence of a combination, the Clayton law has enormously increased the difficulty of a conviction, owing to the absolutely indefinite meaning of the word 'substantial.'

"Furthermore the Trade Commission law limits the investigations of that Commission to whether or not there has been an unlawful combination between manufacturers and dealers. In other words, this law protects the big jobbers and not the consumer.

"The Democrats by the insertion of this troublesome word 'substantial' in the Clayton act have emasculated the whole scheme of trust prosecution for violation of law, and have virtually committed a fraud those whom it was supposed to protect."

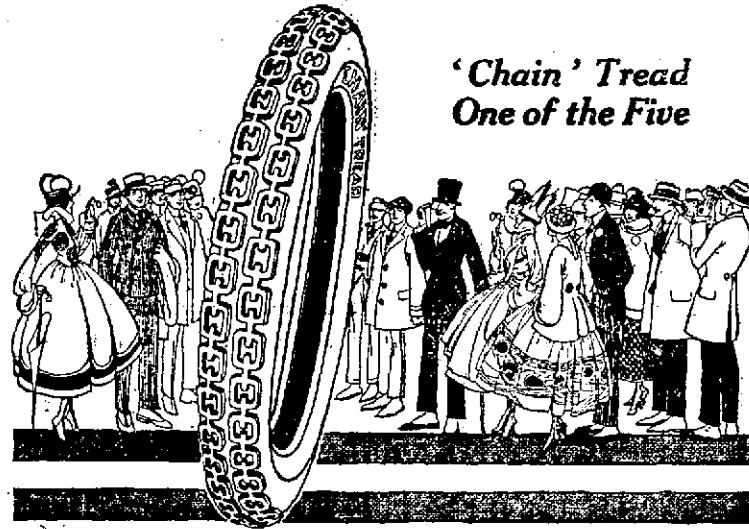

INFANTILE PARALYSIS
IS SPREAD BY THE STABLE FLIES.

Farm and Fireside declares that stable flies, which differ somewhat from houseflies, are exceedingly dangerous. Following is an extract from an article which contains many interesting and important facts about stable flies.

Most insects are destructive in their earlier stages, but these flies do most damage when full grown. They bite through the skin and suck the blood of warm blooded animals, including man. After piercing the skin the fly gorges itself with blood, commonly staying in position, until full fed for the time, unless brushed off. In such a case it flies to another animal. In this way the fly may carry disease germs quickly from the blood of one creature to the blood of another.

After a full meal the fly usually rests a few hours on a leaf or loaf, digesting it, before it is ready for another attack. It seems to take two meals a day when it can get them, and it is generally successful.

It has been believed for years that this fly is an active agent in spreading the germs of anthrax and glanders. Lately it has been convicted of being the carrier of the dreaded infantile paralysis, which has long baffled the doctors by the mystery of its appearance and the sudden deadliness with which it comes.

United States Tire Show All Next Week

All next week we will have a special exhibit of United States 'Balanced' Tires—the tires which give such low cost per mile.

This is your opportunity to make a first-hand study of United States 'Balanced' Tires, and to learn the story of United States Tire economy.

This is your opportunity to learn why the United States Tire Company makes five tires—'Chain,' 'Nobby,' 'Usco,' 'Royal Cord,' 'Plain'—a tire for every need of price and use—the only complete line offered by any one tire manufacturer.

Drop in. We can show you real tire economy, and the way to better tire service.

What Good Paint Will Do

GOOD paint—like Burdsal Paint—does more than merely protect and prolong the life of houses, barns, fences, sheds and other buildings. It increases their value—makes them worth more.

How? It makes them more attractive—and therefore more desirable. Well-kept, well-painted property speaks well for the man who owns it. It is a real indication of thrift and good business judgment.

When you paint this Spring, buy the paint that has been "making good" for almost fifty years—buy

BURDSAL PAINT used since 1867

Burdsal Paint is dependable and holds its color. It goes on evenly and stays on a mighty long time. It is composed of pure zinc, pure lead, and pure oil—ingredients that assure you a paint that will "cling tight" to the wood—a paint that will wear long and faithfully, and a paint that will always retain its luster.

Ask us for color cards and suggestions.

OHIO PRISON LEAGUE OPENS

Penitentiary Teams Get Under Way

—Didn't go South.

(By United Press)

Columbus, O., April 15.—The Ohio Penitentiary Baseball League opened its 1916 season in the prison grounds here today. No. 1 team play No. 2. The members of both squads, though they frequently expressed the belief that it would put them in better form, were deprived of the customary Southern Training Trip, Warden Thomas said today, however, that both teams are fast. The convict players have new uniforms—baseball uniforms, that is, and equipment, this year.

Good Health Doubles the Value of Your Services

A half sick man is not worth half pay. A man or woman in poor health makes a poor lead in a poor sort of a parent.

The value of Peruna in the home can scarcely be estimated. It prevents many of the common ailments. It is an excellent remedy for coughs, colds, catarrh, grip, spring fever, tired-out feelings.

Sit down and think it over. See whether you can afford to go on half sick.

Some people prefer Peruna Tablets to the fluid Peruna.

Beware of Ointments for Catarrh That Contain Mercury
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials are given. Sold by Druggists. Price 7c per bottle. Take Hall's Family Pills for constipation.

Social Calendar

Monday

Elite Club, with Mrs. Will E. Havens at 311 West Second street in the afternoon.

Monday Circle, with Mrs. C. H. Parsons at 410 North Main street, in the afternoon.

Miss Louise Craig of Elwood visited here a short while today on her way to Oxford where she will be among the guests at a Phi Delta Theta houseparty.

* * *

The meeting of Tri Kappa, which was to have been held with Mrs. Jack Knecht on Monday evening of next week, has been postponed until Tuesday evening.

* * *

Every member of the Monday Circle will take two guests to the meeting to be held with Mrs. C. H. Parsons Monday, when Mrs. Demarchus Brown will talk of Rostand and Brieux.

* * *

Miss Mary Junken of Henderson went to Carthage this morning to attend rehearsals for the Glee Club performance to be given there soon and to be among the guests at a party this evening.

* * *

The bazaar and penny supper given by the three divisions of the Ladies Aid society of the St. Paul's M. E. church yesterday afternoon was a great success, a stream of people filling the church parlors during the service of the excellent supper. The funds realized from the two undertakings were \$35 from the bazaar and \$63 from the penny supper.

* * *

PRAYER MEETINGS

The Ben Davis Missionary society will observe the Easter week of prayer with two meetings—one on Tuesday afternoon, April 18th at the home of Mrs. Inez Morris with Mrs. Helen Kirkwood as leader and another on Thursday afternoon with Mrs. Zorn and Mrs. Myrtella Nash as leader. Every one is welcome.

* * *

Several couples composed a party to see "The Smuggler" at the Graham Annex last evening. They were the Misses Mary Louise Bliss, Dorothy Mulno, Dorothy Sparks, Lois Reeves, Esther Anderson, Kathryn Wooden, Katherine Wyatt, and Helen Fraze and Bruce Carr, Alfred Norris, Hubert Alexander, Wilbur Cox, Halbert Brown, Lawrence Payne, Dwight VanOsdol and Forrest Jones.

* * *

Mrs. William George was a gracious hostess for the Lookout Society of the M. P. church on Wednesday afternoon. After a short business period, the hours were pleasantly spent, entertainment being furnished by several numbers on the phonograph, an egg hunt, and a funny guessing contest in which the honors were equally shared by Mrs. Frank George and Mrs. A. P. Wellman. A comic monologue was given by Mrs. Wellman. At the close, dainty refreshments were served by the hostess assisted by the Misses Callie Morehead and Mildred Jinks. The next meeting will be an all day session with Mrs. Jess Winkler, May 10th.

* * *

BIRTHDAY PARTY

Honoring the eleventh birthday of her daughter, Dorothy, Mrs. Will Billings of Milroy entertained this afternoon with a delightful party for over forty little friends of the guest of honor. Carnations and primroses were used generously in brightening the home for the affair. With interesting games and other merry pastimes the guests roamed, and played during the course of the party which was brought to a close, with the service of delicious refreshments. Yellow and white carried out in the refectory suggested Easter with candy eggs which were given as favors.

FOR CENTURY CLASS

A clever little playlet given by some of the ladies was the leading feature of the party given for the Century Class of the Christian church last evening by the members of the Loyal Women's class, in the

Miss Freda Schatz went to Greensburg this morning to attend a houseparty to be given by Miss Laura Goyert.

* * *

SURPRISE FOR TEACHER

Yesterday being the last day of school for the Henderson schools the patrons and neighbors took a delightful way of thanking the teacher, Miss Nellie Hays for her good work among them and gave a surprise dinner in her honor. The seventy-five persons who had planned the affair arrived at the school shortly before noon and the contents of their baskets soon filled the table which was stretched to the length of forty feet. The whole day was an enjoyably social one and typified the favor with which Miss Hays is held by the patrons and pupils of her school.

* * *

SMITH WEDDING

Mrs. Marguerette E. Smith of Indianapolis and Walter E. Smith of this city were quietly married at the First Baptist church parsonage in Indianapolis at one o'clock this afternoon by Dr. Frederick E. Taylor. They were unattended. They left after the ceremony for French Lick for a short honeymoon, after which they will be at home here with Mr. Smith's mother, Mrs. Fannie O. Smith at 815 North Harrison street. Mrs. Smith's first husband was a second cousin of Mr. Smith and died last June during an operation for the removal of his tonsils at the Methodist hospital in Indianapolis. Mrs. Smith has a son, John Edward Smith, twenty-one months old.

* * *

DEMONSTRATION OF MEATS

The last program of the Domestic Science Club dwelt upon meats of different cut and their respective values. The meeting held yesterday was a practical demonstration of the facts learned then, when at the Weeks Meat Market, Ed Haywood gave an interesting and instructive talk on the cuts of meat. His talk was illustrated as he cut the fore quarter and hind quarter of a beef, also a mutton. The location of steaks and roasts was shown. The talk was made in such a clear and comprehensive way that each of the ladies left with a clear understanding of something that before had been a puzzle to them. The meat market was given over entirely to the thirty ladies who met for the demonstration.

At the next monthly meeting of the club, the program will be on other protein foods including cheese, milk, butter and eggs.

* * *

CABIN PARTY

"Uncle Tom's Cabin" was suggested at the party given by the juniors of the Arlington high school at the school building last evening. With rags, rustic furniture and other suggestions of the play the building was decorated for the occasion which did honor to the hospitality of the juniors. The guests were entertained with sketches from the play "Uncle Tom's Cabin" cleverly enacted by the junior. The appointments of the luncheon which was served in paper buckets were in keeping with the rest of the party, which was a great success in every respect. The seniors are Miss Della Hufferd, Tom Saunders, Miss Mae Gardner, Omar McKibben, Miss Mary Conaway, Arthur Conaway, Miss Effie Offutt, Swain Barnard, Miss Emma Posey, Everett Johnson; the juniors are Miss Mary Northam, Henry Collins, William Lee, Carson McMichael, Miss Lillian Jordan, Weldon Beckner, Daniel McMarrell, Melvin Wood, Charles Sullivan, Miss Charlotte Tribby, Clarence Northam, Miss Edna Hardin and the faculty which includes Mr. Mahin, Miss Beela and Miss Erema Wilk.

* * *

BYRON S. COWING, Agent

PHONES 1108, 1424

basement. Soon after the hundred and fifty guests had assembled they were seated to enjoy the half hour program given by the orchestra and the sketch "Sewing for the Heathen" in which parts were taken by Miss Emma Casady, Mrs. Ella Worsham, Mrs. Joe Amos, Mrs. Emma Talbot, Mrs. Earl Moore, Mrs. Ezra Hinkle, Mrs. Jake Parrish, Mrs. Austin Fraze and Mrs. Ira Clawson.

By the witty dialogue, the plot was well carried out by the ladies. Having seen the picture of a young and handsome missionary they start enthusiastically sewing for the heathen with whom he is working. The meeting is a burlesque on modern sewing parties of the kind. They later find out that the Rev. Mr. Dusenberry had posed for said photograph some twenty-five years ago and that he is now a grandfather. The gifts they had planned seem to be rather inappropriate under these circumstances and they return to their homes to find a parcel post package for each of the ladies. The packages contain the clothing of their husbands that need mending and sewing and their decision is to work for their husbands at home rather than the missionary abroad.

This was followed by an original song which was written by Miss Emma Casady containing song hits on several of the members of the Century class and several other numbers by the orchestra. A dainty refection was served near the close of the pleasant affair.

What the Club Women Are Doing

"You win if you lose" is the slogan taken by the Newcastle Federation of Women's clubs, in promoting the "city beautiful" contest which they have undertaken. Such enterprises have been so successful in Lafayette that Columbus, Union City and other ambitious cities are endeavoring to beautify their premises.

The Newcastle women maintain that inasmuch as the men are working for a greater Newcastle, the women should work for a better and more beautiful Newcastle. The suggestions are that before May 1st, there be a general clean up of all premises and that Arbor Day be observed by planting trees and shrubbery. The rules for the contest are forthcoming.

One of the sections of the Department Club of Kokomo is the Health Culture class whose programs appear to be interesting and profitable.

A "Past Chief's" club has been organized in Shelbyville composed only of the past chiefs of the Pythian Sisters. The primary object is to promote interest in the work of the order.

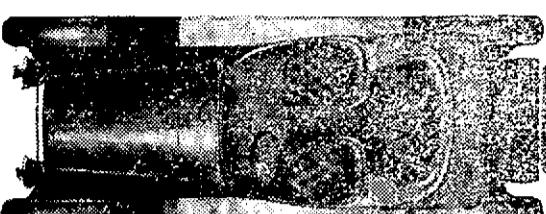

Five scenes from the "Hoosier Schoolmaster" were staged at the last meeting of the American Literary Club of Knightstown. The members of the club took part in the play.

Miss Helen Nicholson of Richmond, who has a number of friends in this city, gave a joint recital with

PILOT

"Get-Chummy" Roadster

Offers the individuality, snap, style and dash that have always made the roadster type popular, but also

ing until Friday evening inclusive.

The following officers of the League were elected at the closing session Friday afternoon: Dr. Amelia R. Keller, Indianapolis, president; Miss Betsy J. Edwards, Shelbyville, first vice-president; Mrs. John F. Barnhill, Indianapolis, second vice-president; Miss Adah Brush, Kentland, third vice-president; Mrs. Julia Fried Walker, Indianapolis, fourth vice-president; Mrs. A. H. Beardsley, Elkhart, fifth vice-president; Mrs. Julia C. Henderson, Indianapolis, secretary; Mrs. Mindwell Crampton Wilson, Delphi, treasurer; directors—Mrs. Richard E. Edwards, Peru; Mrs. W. T. Barnes, Indianapolis; Mrs. T. A. Stuart, Lafayette; Mrs. Ernest H. Lindley, Bloomington; Mrs. Charles J. Gill, Muncie; Mrs. H. G. Burr, Newcastle, and Miss Rose Heilman, Evansville.

Conservation Day at the Thirteenth Biennial Convention of the General Federation of Women's Clubs in New York will be Saturday, May 27. This Department will have one hour of the general program at the Seventh Regiment Armory in the forenoon, followed by a luncheon and conference at the Hotel Astor. The subjects of the addresses during the day are as follows:

Our Country's Natural Wealth—This will touch upon the vital question of the development of water power and waterways, in addition to other phases of the general subject.

Rural planning—City planning is engaging wide attention; the planning of rural communities is possibly even more important.

Preparedness and Reclamation—This address will set forth a plan for creating a working army instead of a standing army—an army occupied with industrial work in time of peace and instantly available for defense in time of war.

Our National Parks—Their high economic value and uplifting effect upon the people place them among the greatest of our natural resources. More is being done now for National Park development than ever before, and henceforth National Parks are to be treated by the Federal government as important assets.

Other topics to be considered are: The roadside Planting of the Lincoln Highway and a General Plan to Make the Roadsides of All Highways Scenically Attractive.

The Value of Bird Life and the Need of Protection to Bird and Wild Animal Life and to Wild Flowers, Together with the Need of Education Among Children.

State and Local Forestry and Shade Tree Planting. A National Flower—"The Laurel."

The Art program is rich and varied, beginning on Wednesday, May 24, at 2:30 p. m. with a meeting for the members of the Art Department only, where reports and discussions on ways and means will be heard.

On Friday, May 26, at 10:30 in the forenoon, the report of the Art Chairman will be given before the convention, followed by an address on "Community Art," by the Hon. William Dudley Foulke, of Indiana, president of the National Municipal League from 1911 to 1915. Mr. Foulke is a life-long student of art in many lands, and is an eloquent speaker.

At the Art luncheon, the same day, at the Hotel Astor, there will be a program of short speeches by well-known artists.

"We women are not in this fight just because we want to vote. We are asking for the ballot because we must have it if we are true to the best interests of the home," was the beginning of the keynote speech of the Women's Franchise League delivered by Miss Florence Wattles of Kokomo at the opening session of the league in Indianapolis. Other stirring addresses were made during the course of the meetings, which lasted from Wednesday even-

ing until Friday evening inclusive.

This may now be had in jellied form and deliciously flavored. Ask for Covington's CASTOR-JELL. On sale at HARGROVE & MULLIN'S. Demonstration now going on. Castor Products Co., Cleveland, Ohio.

CENTENNIAL NEWS LETTER.

(Issued by the Indiana Historical Commission.)

Starke County is arranging to hold a Centennial Celebration jointly with the county Educational Day some time in June. □ □

A collection of White county souvenir Centennial Day programs, made by the school children in connection with the county observance day, has been received from Chairman W. H. Hamelle. Strikingly original and artistic, they speak highly of the work of the White County schools. □ □

In Evansville Mrs. Albion Fellows Bacon issues the S. O. S. call for twenty beautiful women to assist in their local celebration, May 10-11. They must be tall, statuesque, graceful and beautiful of form and face. A pageant illustrating the history of the State from the Mound Builders down to the Civil War will be given on the first night, and on the second night the story of the State down to the present will be illustrated. □ □

Encouraging reports coming in from Mrs. H. H. Thompson and Miss Miesse of Noblesville announce that the Noblesville schools, the Local Council of Women, and Churches, are all active and arranging plays and exhibits illustrating the country's growth. This is all preparatory to the Centennial celebration that is to be held in September. The entire History of the County will then be dramatized and presented in pageant form. □ □

The State Park movement is growing. Among other organizations that are actively backing it are the D. A. R. chapters. The Crawfordsville Chapter has just donated Fifty dollars to the cause. Others will follow. The first cash subscription—\$25,000—came from the Alumni of Marshall High School. Their proximity to the Turkey Run region

stimulates this sort of a spirit. Hoosier "exiles" in distant cities are also assisting, and individual subscriptions to the extent of One Thousand dollars have been made. □ □

Mr. J. P. McLaughlin, the local representative of the Selig-PolyScope Company announces that patriotic men, women, boys and girls will have an opportunity to assist in the "making" of Indiana History. Many of the two hundred and fifty scenes to be staged will require over one thousand people, and the characters must all be real Hoosiers and willing to obey orders. Costumes and make-ups will be furnished by the Selig-PolyScope. Address all communications to Mr. J. P. McLaughlin, 514 American Central Life Building, Indianapolis. □ □

Mrs. Chas. Buckley, Centennial Chairman of Carroll County, reports some interesting incidental features in preparation for the celebration to be held at Delphi, August 9 to 12.

There will be an old time debate, a spelling school, a singing school, a visit from the country doctor, a church service conducted by the Old Circuit Rider, old time dances in the street in the evening and a veritable Gypsy outfit. Mrs. Buckley will card wool this spring and will have real spinning on the street stage each afternoon. There will be an old time log cabin erected on the corner of the court yard that the children may see a real pioneer home. On the porch in front of the cabin on an old stand will be a register in which the hundreds of visitors will be expected to place their names, especially those from a distance. Little children in old time costume will play about the cabin. Men will come in with coon skins to barter for necessities. In short everything possible will be done to reproduce the real Pioneer atmosphere.

Encouraging reports coming in from Mrs. H. H. Thompson and Miss Miesse of Noblesville announce that the Noblesville schools, the Local Council of Women, and Churches, are all active and arranging plays and exhibits illustrating the country's growth. This is all preparatory to the Centennial celebration that is to be held in September. The entire History of the County will then be dramatized and presented in pageant form. □ □

The earth movements blocking the canal began last September, about the time Goethals offered his resignation to President Wilson in Washington. At news of the trouble, which prevented the passage of the Atlantic fleet, which was to have attended the opening of the Panama-Pacific exposition, Goethals asked the President not to act on his resignation, and in October he hastened back to Panama.

The canal builder faced a task slightly less gigantic than the one he faced in finishing the big project itself. Millions of tons of rock and earth have been torn from the collapsed excavations under Goethals' direction, employing bigger dredges and steam shovels than ever were used before.

Construction work at the terminals also has been completed in the meantime and when the big ships begin to pass through the canal today, it will be more advanced in equipment, more "polished" than it ever has been. It will be able to handle much more expeditiously than heretofore.

It is not considered improbable that there will be small slides from time to time, but no more ones are looked for and what there may be are expected to diminish in size from year to year. There is believed to be no danger from earthquakes. Goethals says the defenses of the zone are adequate to repel any enemy.

The interest that these two governments must pay for the use of American money with which to continue their war is enough to supply each one of 2,500 persons an independent fortune.

A nine pound boy was born to the wife of Oliver Mock this morning, at the home of his father, Frank Mock, west of the city.

PANAMA CANAL
IS REOPENED

Slide Has Been Cleared After
Months of Work in Which Millions
of Tons of Rock Were Moved.

GOETHALS LIKELY TO RESIGN

Col. Harding is Said to be Slated
For Governor to Succeed
Canal Builder.

Panama, April 15.—Governor George W. Goethals of the Canal Zone, who withdrew his resignation and hurried back here from Washington to clear the Canal of Gailard Cut landslides last September, is expected to reoffer his resignation to President Wilson if there is no promise of further trouble following the reopening of the Canal today.

Colonel Harding, who has been acting governor during the Goethals' absence in the United States, is expected to succeed Colonel Goethals Governor, when the time comes.

Goethals has not announced that he will reoffer his resignation, but his associates here feel sure he will because he asked to be retired under the army retirement rule before, thinking his work in completing the canal was done.

The earth movements blocking the canal began last September, about the time Goethals offered his resignation to President Wilson in Washington. At news of the trouble, which prevented the passage of the Atlantic fleet, which was to have attended the opening of the Panama-Pacific exposition, Goethals asked the President not to act on his resignation, and in October he hastened back to Panama.

The canal builder faced a task slightly less gigantic than the one he faced in finishing the big project itself. Millions of tons of rock and earth have been torn from the collapsed excavations under Goethals' direction, employing bigger dredges and steam shovels than ever were used before.

Construction work at the terminals also has been completed in the meantime and when the big ships begin to pass through the canal today, it will be more advanced in equipment, more "polished" than it ever has been. It will be able to handle much more expeditiously than heretofore.

It is not considered improbable that there will be small slides from time to time, but no more ones are looked for and what there may be are expected to diminish in size from year to year. There is believed to be no danger from earthquakes. Goethals says the defenses of the zone are adequate to repel any enemy.

The interest that these two governments must pay for the use of American money with which to continue their war is enough to supply each one of 2,500 persons an independent fortune.

House Insurance For
Business Men

This is the day of Insurance—Insurance against Death, Accident, Sickness, Fire and Decay transfers hazard into security. A few gallons of Sherwin Williams Paint if used according to directions insures your house for years against the hazard of wind, rain, sleet and decay. SHERWIN WILLIAMS PAINT is the old time insurance policy of 90 per cent of the world's greatest railroads and corporations. Specify and demand it because of the low eventual cost is their criterion of value and their cheapest insurance.

Just two things to look for—the color and name of manufacturer, as you can't possibly see the absolute quality and service that is built in the can.

We do Contract Work. Let us figure with you.

That new, black "Barefoot" Rubber!

ONE of its most valuable characteristics, for Tire (and Shoe) purposes, is its CLING quality—its tenacious grip on smooth and slippery surfaces.

Through that it gives its maximum Traction with a maximum of Friction.

When you put on the Brakes to stop the Car, or throw in the Clutch to start the Car, the Tires made of this black "BAREFOOT" Rubber instead of grinding against the ground for Traction, CLING to it, as your bare foot would cling to a slippery floor.

That's why we've finally christened it, and trademarked it, as "Barefoot" Rubber.

Get a sliver of it, from any Goodrich Branch or nearest Dealer.

You'll find it stretch almost as much, and return to shape almost as instantly, as a pure Rubber band.

Weigh a Goodrich "Barefoot" Tire of any size against the corresponding size of other makes of Tire, and you'll find it many pounds lighter, though many "Miles" stronger.

Drive it, and you'll find in Goodrich "Barefoot" Tires a liveliness, a quick response to power, a tenacity of traction—and all this with a Mileage capacity which will surprise and delight you.

WE developed this "Barefoot Rubber" primarily for use in our now famous "Silvertown Cord" Tire which, last year, showed such marvellous ENDURANCE on the Race Track, at over 100 Miles per hour.

But we now make it into Goodrich FABRIC Tires, —Goodrich Inner Tubes, —Goodrich Motor-Cycle Tires, —Goodrich Truck Tires, —Goodrich Bicycle Tires, —Goodrich Rubber Boots, Overshoes, Soles and Heels, as well as into Silvertown Cord Tires.

Because, —in all of these its characteristics of "Cling, —Spring, —Stretch, —Strength, —and Lightness" are first requisites.

Now, compare GOODRICH Fair-List prices with prices you are quoted for same-size Tires of other Brands, that have not the wonderful Resilience and Cling-quality of this new black "Barefoot" Rubber, which can be had in no other Tires than those made by—

Right Shoes

A man or woman should exercise the same care in selecting a pair of shoes that they would in buying a house. For they live in both! There's no earthly use in a person wearing an ill-fitting uncomfortable, poor looking, unsatisfactory pair of shoes. And you won't if you buy them of us. They are exactly right in style and in construction. They bring customers back who want "NONE BUT THE BEST."

COOK THE MEALS**

Judge Granted Divorce When Husband Testified he Got Breakfast For Two Years.

WIFE LIKED BRIGHT LIGHTS

Indianapolis, Ind. Apr. 15.—Enter the man who is "big enough and ugly enough to cook his own meals."

Thomas Quinlan, employee in a haberdashery, told Judge Clifford during the hearing of his divorce suit that when he remonstrated with Mrs. Quinlan for not cooking his meals she laid down the above domestic receipt.

"And she said, 'The bright lights and the man with the automobile for mine,'" said Quinlan quoting his wife. Quinlan had prepared his own breakfasts for two years. The divorce was granted.

EDNA MAY ACTS FOR CHARITY

First Appearance in Eleven Years

Will Come Tomorrow and it

Will be Her Last.

WILL BE A REAL FAREWELL

Will Appear in One Act Play in

Special Performance For Ac-

tors' Fund.

(By United Press.)

New York, April 15.—When Edna May acts for the benefit of the Actors' Fund in a special performance at the Century Theatre tomorrow night it will not only be her first public appearance in eleven years, but her last appearance on any stage. This announcement was made by Daniel Frohman, President of the Actors' Fund, who obtained Miss May's consent to appear for the fund.

"It will be a farewell not only to the American stage but to the entire world," said Mr. Frohman. "Miss May would never have consented to appear before the public again except for the sake of charity. Her profits from the moving picture she is now acting for will also be devoted to a charitable cause. She will turn over to the allied war sufferers."

Inquiries have been made of Mr. Frohman as to whether the actress would be seen in her famous role from "The Belle of New York," but as Miss May has not sung for so long she has decided to give something else. She will act in a new one-act play, written especially for her.

Miss May closed her professional career in 1907, when she was married in London to Oscar Lewisohn, millionaire New Yorker. They have made their permanent home in England, with infrequent visits to this country. Her only appearance on the stage after that was in 1911, when a company in which she was the only professional played a week at the Savoy Theatre in London for charity, clearing almost \$20,000.

The Actors' Fund performance at the Century will have the assistance of other prominent actors. A few of them are Sir Johnston Forbes Robertson, now making a farewell tour of America; Mme. Nazimova, who will appear in a new play on the divorce question by George W. Middleton and Marie Dressler.

MARKS ALL ROADS FOR MOTORISTS

Blackford County Sets Pace For Rest of State—is Asking Co-operation.

USING PERMANENT SIGNS

(By United Press.)

Hartford City, Ind., April 15.—Blackford county is going to set an example to the rest of the state in motorology. It is going to treat the motorist right. Incidentally, it plans to go a little co-operation out of the motorist.

Workmen are placing guide signs at every road intersection. The signs are permanent, being made of heavy steel with the directions enameled in yellow on a black background. The signs can be read at some distance. Different signs will be used in case silence is desired from the motor car. In case of sickness these signs, distinctive in coloring, will be placed at some distance from the home on both sides. Other signs will give warning of dangerous curves and school houses.

Long Distance Weather

Forecasting Is No Good

Washington, April 15.—The chief of the U. S. Weather Bureau stated today that in the opinion of the bureau a new system of long-range weather forecasting, which has been widely discussed recently, was quite fallacious. The new system is said to be based on the spottedness of the sun and rifts and shafts of solar radiation. In the opinion of the weather Bureau it belongs in the same class with other methods of long-range weather forecasting based on lunar, planetary, magnetic and astrological considerations. None of these systems, it is said, has any scientific value.

During the past few years the Weather Bureau has received full specifications concerning all the essential details of this particular system. The alleged discovery is, therefore, fully known to the Weather Bureau and has been carefully studied and examined by its scientific staff. Moreover, other scientists of international reputation now connected with the strongest institutions of the world engaged in astronomical research, and conducting investigations into solar and terrestrial physics, have also passed upon these new theories. These authorities are in accord that the deductions and conclusions drawn from the solar conditions on which the new system is based are unwarranted.

The U. S. Weather Bureau itself is the authorized agency of the Government to collect meteorological observations and make and issue weather forecasts and warnings. Every important nation of the world has a similar organization and all use essentially the same methods. All of these organizations condemn and disapprove the methods and theories of those who assert that they are able to predict the weather for any considerable period in advance.

No thoughtful person uses liquid blue. It's a pinch of blue in a large bottle of water. Ask for Red Cross Ball Blue.

WHY not give your lad the same training?

"When I was a growing lad, and came upon many words in my reading that I did not understand, my mother, instead of giving me the definition when I applied to her, uniformly sent me to the dictionary to learn it, and in this way I gradually learned many things besides the meaning of the individual word in question—among other things, how to use a dictionary, and the great pleasure and advantage there might be in the use of the dictionary. Afterwards, when I went to the village school, my chief diversion, after lessons were learned and before they were recited, was in turning over the pages of the "Unabridged" of those days. Now the most modern *Unabridged*—the *NEW INTERNATIONAL*—gives me a pleasure of the same sort. So far as my knowledge extends, it is at present the best of the one-volume dictionaries, and quite sufficient for all ordinary uses. Even those who possess the splendid dictionaries in several volumes will yet find it a great convenience to have this, which is so compact, so full, and so trustworthy as to leave, in most cases, little to be desired."—Albert S. Cook, Ph.D., LL.D., Professor of the English Language and Literature, Yale Univ., April 28, 1911.
